This deck represents a Droideka, backed up by 3 Battle Droids.

This template doesn't support an additional figure. If you need a third Battle Droid figure, print this page twice. Mark the figures as to which droid is witch.

The Droideka has 2 separate tracks, one for life and one for shields. The life track takes no damage except when the shield track is on the red square; if an attack would do more damage to the shields track than the shields track currently has, move the shields marker to the red square and disregard any additional damage. When the Battle Droids are destroyed, discard their cards to heal the Shield track.

This is version 1.0 and is not tested. Feedback welcome to richpizor@adelphia.net.
