THE FOUR WIVES By C.Katongo

Once upon a time, there was a rich King who had 4 wives. He loved the 4th wife the most and adorned her with rich robes and treated her to the finest of delicacies. He gave her nothing but the best.

He also loved the 3rd wife very much and was always showing her off to neighboring kingdoms. However, he feared that one day she would leave him for another.

He also loved his 2nd wife. She was his confidante and was always kind, considerate and patient with him. Whenever the King faced a problem, he could confide in her to help him get through the difficult times.

The King's 1st wife was a very loyal partner and had made great contributions in maintaining his wealth and kingdom. However, he did not love the first wife and although she loved him deeply, he hardly took notice of her.

One day, the King fell ill and he knew his time was short. He thought of his luxurious life and pondered, "I now have 4 wives with me, but when I die, I'll be all alone.

Thus, he asked the 4th wife, "I have loved you the most, endowed you with the finest clothing and showered great care over you. Now that I'm dying, will you follow me and keep me company?"

No way!" replied the 4th wife and she walked away without another word. Her answer cut like a sharp knife right into his heart.

The sad King then asked the 3rd wife, "I have loved you all my life. Now that I'm dying, will you follow me and keep me company?"

"No!" replied the 3rd wife. "Life is too good! When you die, I'm going to remarry!"

His heart sank and turned cold.

He then asked the 2nd wife, "I have always turned to you for help and you've always been there for me. When I die, will you follow me and keep me company?"

"I'm sorry, I can't help you out this time!" replied the 2nd wife. "At the very most, I can only send you to your grave."

Her answer came like a bolt of thunder and the King was devastated.

Then a voice called out: "I'll leave with you and follow you no matter where you go. The King looked up and there was his first wife. She was so skinny, she suffered from malnutrition. Greatly grieved, the King said, "I should have taken much better care of you when I had the chance!"

In Truth, we all have 4 wives in our lives ...

Our 4th wife is our body. No matter how much time and effort we lavish in making it look good, it'll leave us when we die.

Our 3rd wife is our possessions, status and wealth. When we die, it will all go to others.

Our 2nd wife is our family and friends. No matter how much they have been there for us, the furthest they can stay by us is up to the grave.

And our 1st wife is our Soul, often neglected in pursuit of wealth, power and pleasures of the ego. However, our Soul is the only thing that will follow us wherever we go.

So cultivate, strengthen and cherish it now! It is your greatest gift to offer the world.

ADG'S VISIT

Our Assistant District Governor Sherry Coleman paid her last visit to our club on 21 March 2003 accompanied by District Administrator Nominee Patrick Coleman.

These are the extracts from her address to the club:

- Two delegates from the Rotary Club of Ndola attended the Nairobi Presidential Conference; thanks for the experiences.
- The Bulawayo District Conference, we have to go so that they can come to Kitwe.
- The two Interact Clubs Masala and Lubuto, have them certified before the end of this year so that they can come to the Kitwe District Conference.
- 250 fruit and medicinal trees planted this year, well done.
- Acknowledged the US\$1 000 contributed to Polio Plus and wanted to know how much was contributed for Paul Harris Fellows and Rotary Foundation.
- Keep Jaipur Limb Project as a Centennial Project.
- Good relations in the club as evidenced by successful fellowships, projects and fundraisers involving the public.
- Support the third club, be there.
- She expressed her pride in the Rotary Club of Ndola for the efforts made in the last 8 months and the laudable induction of women in the club.
- The visibly overjoyed ADG explained why she joined Rotary. How fortunate she was when a friend invited her to join. Thanks to Rotary she learnt that serving others is not a privilege but a duty and hoped that her sentiments were ours too.
- Throw a stone in the waters of Rotary, let The ripples extend and expand.

RI PRESIDENT JONATHAN MAJIYAGBE

Lend a Hand

Lend a Hand in your club
by helping to strengthen and diversify its membership. Focus on retention by making all members feel that they are an integral part of the group with an important contribution to make Show concern for the well-being of the members and provide help and support if they are troubled by illness or other problems. Keep in touch with the spouses of deceased members so that they remain part of the ROTARY FAMILY.

Lend a Hand in your vocation
by upholding high ethical standards and encouraging others to do the same. Use your professional knowledge and skills to assist people in need. Mentor young workers and help them to progress in their careers. Develop programs for prisoners that teach vocational skills, preparing them to lead productive lives upon their release.

Lend a Hand in your community
by working to help those in dire need. Develop projects that provide food, clothing, and shelter and improve on the quality of life for all impoverished community members, giving at-risk children a better start in life. Promote literacy efforts and vocational training to help jobless adults gain the necessary skills for gainful employment.

Lend a Hand in the world
by reaching out to people of all cultures, races and religions. Through RI and Rotary Foundation programs, work to alleviate the abject poverty that afflicts so many people and obstructs the path to peace. Join with your twin club to develop projects that educate women, address population issues, establish micro-credit programs, and help to meet the basic needs of the world's poorest people.

Some lions mate over 50 times a day.

(I still want to be a pig in my next life...quality over quantity!!!!)

Butterflies taste with their feet.

(Something I always wanted to know.)

The strongest muscle in the body is the tongue.

(HMMMMMM.....)

Right-handed people live, on average, nine years longer than left-handed people.

(If you're ambidextrous, do you split the difference?)

Elephants are the only animals that cannot jump.

(OK, so that would be a good thing....)

A cat's urine glows under a black light.

(I wonder who was paid to figure that out?)

An ostrich's eye is bigger than its brain.

(I know some people like that.)

Starfish have no brains.

(I know some people like that too.)

Polar bears are left-handed.

(If they switch, they'll live a lot longer.)

Humans and dolphins are the only species that have sex for pleasure.

(What about that pig??!! 30 minutes of orgasm for what??!!)

INTERESTING FACTS

If you yelled for 8 years, 7 months and 6 days you would have produced enough sound energy to heat one cup of coffee.

(Hardly seems worth it.)

If you farted consistently for 6 years and 9 months, enough gas is produced to create the energy of an atomic bomb.

(Now that's more like it!)

The human heart creates enough pressure when it pumps out to the body to squirt blood 30 feet.

(O.M.G.!)

A pig's orgasm lasts 30 minutes. **(In my next life, I want to be a pig.)**

A cockroach will live nine days without its head before it starves to death. **(Creepy.)**

(I'm still not over the pig!!! 30 minutes!!! 30 whole minutes!!!.)

Banging your head against a wall uses 150 calories an hour. **(Do not try this at home..... maybe at work.)**

The male praying mantis cannot copulate while its head is attached to its body. The female initiates sex by ripping the male's head off.

("Honey, I'm home. What the....?!")

The flea can jump 350 times its body length. It's like a human jumping the length of a football field.

The catfish has over 27,000 taste buds.

(What could be so tasty on the bottom of a pond?)

INNER WHEEL CLUB OF NDOLA

10 YEARS OF SERVICE

Speech by President Martha Mulenga to the 10th AGM of the Inner Wheel Club of Ndola

Past Presidents and fellow members; It is with pleasure that I welcome you today to this Annual General Meeting. Those of you who are founder members may be able to recall that we have been in existence for ten years now. The club was chartered on 27th January 1994; congratulations for keeping the club going to this day.

As we approach the end of the year 2002/2003 our achievements are various. We have continued to meet in our members' homes for fellowship, we had two successful fellowship lunches, we were visited by Mrs. Kabamba Fredinia and Gladys Chenge and Ireen Katongo was inducted. Funds were raised by holding social functions, sale of cards and flowers, keep fit classes, raffle and subscriptions.

Our club has given support to the following:

Mitanda Home: money was donated

Kavu Clinic: medicines and food donated

Nissi Care: roofing sheets ready for presentation

Sisters of St. John the Baptist: money was donated

Lions School for the Blind: a big pot was donated

Mupapa School: received a donation of medicines

Mapalo School: received desks, food and drinks.

Lyson Nkhoma: a grade 9 pupil was adopted, all school requirements met and his performance is exceptional. His adoption follows a successful support given to our former adopted pupil Victor Chaiwa.
