Foreign Press Release

CO To Be Tried For The Second Time :

My name is Rotem Dan Mor and I am a Conciencious Objector to mandatory millitary service in israel for ideological reasons. I had served a year and half in the army before coming to a decision I no longer wanted or was intending to take part in any millitary activities in Israel. That was three and a half months ago.

I have since spent a month in prison (for refusing to wear a military uniform) and am to be tried and sentenced for further imprisonment as early as the 20/11/01.

Needless to say, I am unfazed by the prospect of imprisonment. As unpleasant as prison life may be, the threat of imprisonment does not detter me from the path I have chosen.

Since my last imprisonment I have made endless efforts and spent a great deal of energy to secure my release from the army but to no avail. My plea has fallen on deaf ears.

I plan, along with the other already jailed COs to continue my struggle until my release from the army .

You can get more information and updates (even from prison), about my story at my website: geocities.com/rotemmor

Or you can call **Sergeiy of "New Profile"** at **08-6438819 (in Israel)**.

Or you can write my webmaster at rbarkan@prontomail.com

Thank you for your time,

Rotem Mor
