The Speaker for October 12th will be:

Trevor West

Trevor was born in Loughborough and has lived within Rothley for over 20 years. Although known to many of us he has managed to keep his bushel away from the spotlight. In 1977 he completed his Oxford degree in modern languages and is fluent in German and French. His CV describing his career in sales demonstrates his commitment to hard work and capability in being able to develop new ideas. Over the years of working with Mars he has been responsible for range development, promotional activity, market share performance and profitability. By the end of the 90's Trevor managed the Mars UK Petcare and Food business through a National Accounts Team in the Wholesale / C&C Sector. He successfully developed a programme of tailored price marked packs which increased Mars brand shares and volume sales. By 2003 he was the Trading Director for Mars UK. Retirement in 2008 brought new challenges: he is a Non-Executive Director of Ashwood Recruitment and Chairman of the Rural Shops Alliance. Never one to be idle, he has an interest in restoring and driving classic cars and has started a wedding car business using his own 1954 Citroen Traction Avant.

Trevor is married to Gaynor with three children – Joshua, Sophie and Francesca. We are fortunate to have him as a member of the PCC.
