Kevät (means spring in finnish)

Kevät-scarf can be made in almost any yarn, remember to use a bit bigger needles to make sure that yarnovers are clearly visible. I used 150 grams of Idena Silkegarn to my scarf, 100 grams would have been enough for a little hankerchief scarf but I wanted a bit bigger.

INSTRUCTIONS

Begin by casting 3 st, knit them.

row3: Knit 1, make 1 new st, knit 1, make 1, knit 1 t

row4: knit all st

row5: knit 1, make 1, knit 3, make 1, knit 1

row6: knit 3 st, purl 1, knit 3 st

row 7  continue as shown in pattern, always remember to KNIT the first and last three stitches. When the scarf is high enough, knit 3-5 rows and bind off very loosely. Block by pinning the damp scarf on a flat surface, let dry over night.
