

# Intro to Echinodermata

Use Chapter 24.1 to answer the following questions on your own paper...

1. Name 3 examples of echinoderms.
2. Echinoderms have radial symmetry... specifically "penta-radial" symmetry. What does this mean?
3. What IS the water-vascular system? What does it DO?
4. What is the sieve plate?
5. Explain how echinoderms use their tube feet to move.
6. Look at the diagram on page 573... Explain the nervous AND reproductive systems of an echinoderm
