Electronic Career Portfolio

Sharon Shim
Architect

[Table of Contents](#)

Vision

- I believe that you should be able to express your feelings in everything you do. Because expressing and communicating our opinions and ideas helps us grow as a person and as an individual.

[Table of Contents](#)

Career Goals

- My career interests and goals begin and end with architecture. My favorite recreational activities are both drawing and traveling, so whatever I do I hope to be surrounded by those activities.
- To learn how to apply these goals in real life, I've participated in such programs as drawing and extra training in math and physics. I also seen many buildings that famous architects have designed.

[Table of Contents](#)

Career Goals Continued

- I hope to obtain a job where I can constantly be learning and discovering new things. By working as an architect, I can continue to learn about two and three dimensional design.

Resume Introduction

My resume seeks to provide evidence confirming that I will make a great architect, and that I will excel in my interest area. You may notice that in my resume, it mentions my interest in drawing and traveling. My resume also includes my previous experience volunteering and also in an office experience, so I will be well equipped to work in the field and also in the office, if necessary.
