Hermit – Sr. Maria Paz – possibility of living in apartment in future; discussion and decision

Council was unanimous in decision to invite Sr. Maria to live in one of the apartments when the need arose, and for her to do some work in the parish (computer work, sacristy, other) in exchange for rent.

It was further decided to be proactive and invite Maria to move when an apartment is vacant in the next couple of years, rather than wait for the sale of the property and then perhaps have to ask someone to move to make room for her.

Fall plans – information and further planning

The activities for the fall were outlined and members were invited to participate and to promote the activities in the parish. No further plans were included in the discussion at this time.
