

HOME PROJECT - USING CARE LABELS:

You are to take an item of clothing from your closet that you are not sure how to care for and answer the questions below using your care label and the knowledge that you have learned in class.

1. Write down all of the information that is on the care label:

2. How would you wash this garment?_____

3. What washing machine **cycle and water temperature** is recommended?

4. At what setting or temperature should this garment be dried?_____

5 Are there any special care instructions on the care label? (regarding bleaching, detergents, etc)_____

6. What information is given regarding ironing?_____

7. Does the clothing care label include all the required information? no yes

If no, what is missing?_____

8. What could possibly happen if you did not follow the directions on this clothing care label? **Explain:**
