

Minutes of Committee Meeting

Date: 5 May 2006

Commenced: 2:30pm

Attendees: Geoff McLaren, Don Ralph, David Lynch, Peter Thistleton,
Olivia Santini, Peter Fenson, Lea Sutherland, Peter Stevens

Details:

The meeting was convened to discuss the progress of the formation of the club. A quorum of 8 committee members was present of the 12 available.

David Lynch chaired the meeting and presented the new club logo. All present agreed that this was a good starting point and would be adopted.

David then presented the new certificate of incorporation for the club with much oohing and ahing all round.

David then discussed the progress of the club approval process. The affiliation information has been sent to SSAA for their approval and we are currently awaiting their response. The next stage after affiliation with SSAA is granted will be to apply to the Firearms Registry for final approval. No response had yet been forthcoming from APA regarding their affiliation.

It was then discussed and agreed that the club's operations be extended to include longarms for the purposes of training, licencing, target shooting and hunting, as well as facilitating the use of such firearms for Colonial Action matches.

David and Geoff then completed paperwork pertaining to the licencing of Geoff as the club Armourer and as a Longarms Safety Officer.

The next meeting will be notified to all present when known.

Concluded: 4:00pm
