**LET'S GO GREEN**

**Light Bulbs Matter:** Switch from traditional incandescent light bulbs to compact fluorescent light bulbs A30-watt compact fluorescent light bulb produces about as much light as an ordinary 100-watt bulb. Although initial price is higher, compact fluorescent light bulbs can last 12 times as long.

**THE POWERS THAT BE...**

**PRESIDENT:** Leaps tall buildings in a single bound...is more powerful than a locomotive...is faster than a speeding bullet...walks on water...give policy to God.

**1<sup>ST</sup> VICE PRESIDENT:** Leaps short buildings in a single bound...is more powerful than a switch engine...is just as fast as speeding bullet...walks on water if the sea is calm...talks to God.

**2<sup>ND</sup> VICE-PRESIDENT:** Leaps short buildings with a running start & favorable winds...is almost as powerful as a switch engine...is faster than a speeding BB...walks on water in an indoor swimming pool...talks with God if a special request is approved.

**TREASURER:** Barely clears a Quonset Hut...loses tug-of-war with locomotive...can fire a speeding bullet...swims well...is occasionally addressed by God.

**DIRECTOR:** Makes marks high on the wall in trying to leap buildings...is run over by a locomotive...can sometimes handle a gun without inflicting self injury...dog paddles...talks to animals.

**DIRECTOR:** Runs into buildings...recognized locomotive 2 out of 3 times...is not issued with ammunition...can stay afloat with life preserver...talks to walls.

**DIRECTOR:** Falls over doorstep when trying to enter building...says "look at the choo-choo"...wets himself with a water pistol...plays in mud puddles...mumbles to himself.

**DIRECTOR:** Falls over doorstep when trying to get out the house...wets himself...plays in puddles...babbling to mommy & daddy.

**SECRETARY:** Lifts buildings and walks under them...kicks locomotives off the tracks...catches speeding bullets in her teeth & eats them...freezes water with a single glance...**SHE IS GOD.**
