

IS THE ISRAELI OCCUPATION APARTHEID ?

Compare Outline of Israeli Occupation Legal System with -- Official Legal U.N. Definition of Apartheid --

1. LAND TAKEN:

- a. Israel has annexed into itself East Jerusalem and the Golan Heights in direct violation of International Law.
- b. Israel builds on confiscated land (now over to 70% of West Bank) illegal Israeli settlements, and other Israeli-controlled facilities, surrounding Palestinian communities, thus isolating them from each other and outside world, strangling their economy, and violating their human rights as they separate workers from their work, farmers from their fields, students from their schools, patients from medical care, and families from each other.

2. DUAL GOVERNMENT SYSTEM:

- a. Democratic Government for illegal Jewish-only Settlements:
 - i. Since 1967, Israel has moved approximately 400,000 of its own citizens into Israeli settlements on confiscated Palestinian lands, and has created separate government system for the settlements tying them legally and economically to Israel, which creates de facto annexation of these areas to Israel.
- b. Oppressive Military Government run by Israeli Military Committees & Israeli-Controlled Civic Administration.
 - i. For the Palestinian communities, the Israeli army has replaced all Arab government agencies with Israeli military committees. Palestinians have no democratic input. Appeals are only to other Israeli military controlled committees, or limited appeal to Israeli Supreme Court.
- c. Israeli Exploitation of Palestinian Economy.
 - i. The Israeli military has created a web of permits and licenses over the entire Palestinian economy. Studies have shown that the Israeli government manipulates this web to control the Palestinian economy to the benefit of the Israeli economy.

5. INHUMANE LAW ENFORCEMENT & COLLECTIVE PUNISHMENT

- a. The Israeli military uses military rule such as the Emergency (Defense) Regulations (1945) which legalizes the use of such inhumane practices as arrest without charges or trial, deportation, home demolitions, censorship, etc., on both individual and collective levels, qualifying as GROSS VIOLATION OF HUMAN RIGHTS.
- b. Collective Punishment (settlements, separation wall, checkpoints, military incursions, community-wide destruction & closures, etc.) used to destroy entire communities and their economy, isolate Palestinians on smaller and smaller areas of land, and force them to leave by intimidation or deprivation – FITS LEGAL DEFINITION OF ETHNIC CLEANSING??
- c. Investigations have also found the practice of torture, unjustifiable shooting of civilians, and unenforcement of Israeli Settler Crimes when committed against Palestinians. Israeli military has also repeatedly interfered with medical care, and has allowed malnutrition to spread through areas it controls. THIS FITS LEGAL DEFINITION OF GENOCIDE???
