

5 Webquests In My Content Area – Social Studies

1) Acts of Parliament in defense of the British

http://smith.quicktel.com/quests/british_laws.htm

In this non traditional look at the causes of the American Revolution, students learn that external forces such as national debt and a desire for peace with the Indians motivated many Members of Parliament to pass restrictive legislative Acts on their American colonies.

2) Ancient Civilization

http://coe.west.asu.edu/students/dmatousek/ancientwq/ancient_civilizations_wq.htm

Students a tour through ancient civilizations while composing a journal of their adventures.

3) Build Your Own Summerian City-State

<http://www.teachtheteachers.org/projects/CHamman/index.htm>

We are tired of hunting and gathering and living a nomadic life style. The year is 3,500 B.C. and it is about time we all find a location to settle down and build ourselves a little community. Create a detailed design for a city-state.

4) Experiencing India's Caste System

<http://teachers.eusd.k12.ca.us/mguerena/castewebquest/index.htm>

Create a simulated diary of someone living within the caste system of ancient India.

5) Latin America Travel Brochure Webquest

<http://www.ufrsd.net/staffwww/MitcheL/Latin.htm>

Students design a travel brochure that showcases countries in Latin America.
