

Papers presented at International Conferences and Working Papers/Current Projects

2006

Cakmakci, G. (2006) Consistency of secondary and undergraduate students' ideas about chemical kinetics. Paper presented at the 19th International Conference on Chemical Education, Seoul, Korea, August 12-17, 2006. <http://www.19icce.org>
E-mail: "Dr. Gultekin Cakmakci" gultekincakmakci@yahoo.com

Erduran, S. (2006, June). Argumentation in initial teacher training: empowering prospective chemistry teachers with evidence and justification. Proceedings of the "18th Conference on Research in Chemical Education," University of Bremen, Germany. E-mail: "Dr. Sibel Erduran" Sibel.Erduran@bristol.ac.uk

Erduran, S. (January, 2006). Fuming with reason: toward professional development to support the teaching and learning of argumentation in science classrooms. Proceedings of the 14th Annual Conference of the Southern African Association for Research in Mathematics, Science and Technology Education, Pretoria: University of Pretoria, South Africa. E-mail: "Dr. Sibel Erduran" Sibel.Erduran@bristol.ac.uk

Jones, L.L. & Akaygun, S. (2006) Developing design principles for a molecular animation of physical equilibrium. Paper presented at the 19th International Conference on Chemical Education, Seoul, Korea, August 12-17, 2006. <http://www.19icce.org>
E-mail: "Sevil Akaygun" sevil.akaygun@gmail.com

2005

Cakmakci, G. & Leach, J. (2005) Turkish secondary and undergraduate students' understanding of the effect of temperature on reaction rates. Paper presented at the ESERA Conference, Barcelona, Spain, August 28- September 1, 2005. <http://www.geocities.com/GultekinCakmakci/esera2005.pdf>

Cavas, B., Cavas, Huyuguzel, P. (2005) "Turkish students' views on technology related issues from rose project" International Conference on E-ducation Without Borders. February, 19-21. Abu Dhabi. UE.
E-mail: "Bulent Cavas" bulent.cavas@deu.edu.tr

Cavas, B., Karaoglan, B., Kesercioglu, T. (2005) "The pupils' perception of the role and the function of the science and technology in Turkish society" NARST, National Association for Research in Science Teaching Conference. April, 4-7. USA.

Cokelez, A., Dumon, A. (2005). Liaisons inter et intramoléculaires et les transformations de la matière: le point de vue des élèves. 4ème ARDIST "Association pour la recherche en didactique des sciences et des techniques", Lyon, France, 12-15 Octobre 2005.

Erduran, S. (2005, July). Beyond philosophical confusion: Establishing the role of philosophy of chemistry in chemical education research. Paper presented at the History, Philosophy and Science Teaching Conference, Leeds, UK.
E-mail: "Dr. Sibel Erduran" Sibel.Erduran@bristol.ac.uk

Erduran, S., Aduriz-Bravo, A., & Mamlok-Naaman, R. (2005, July). Developing epistemologically empowered teachers: Examining the role of philosophy of chemistry in teacher education. Paper presented at the History, Philosophy and Science Teaching Conference, Leeds, UK.

Erduran, S. (2005, April). Breaking the law: Examining the distinct nature of laws in chemistry and implications for chemical education. Paper presented at the annual conference of the National Association for Research in Science Teaching, Dallas, USA.

Jimenez-Aleixandre, M. P., Lopez Rodriguez, R., & Erduran, S. (2005, April). Argumentation quality and intellectual ecology: A case study in elementary school. Paper presented at the annual conference of the National Association for Research in Science Teaching, Dallas, USA.
E-mail: "Dr. Sibel Erduran" Sibel.Erduran@bristol.ac.uk

Erduran, S., Taber, K., Simon, S., & Tweats, R. (2005, January). Ideas and Evidence at Key Stage Three. Presentation at the annual conference of the Association for Science Education, Leeds, UK.
E-mail: "Dr. Sibel Erduran" Sibel.Erduran@bristol.ac.uk

.....-2004

Ayas, A., Coştu, B. (2002). Levels of Understanding of the Evaporation Concept at Secondary Stage. Paper presented at the First International Education Conference, Changing Times Changing Needs, Eastern Mediterranean University, Gazimagusa, TURKISH REPUBLIC OF NORTHERN CYPRUS.

Bekiroglu, F.O. (2003) Do science teachers' demographics affect their in-service needs?, Paper presented at the annual meeting of the National Association for Research in Science Teaching, Philadelphia, March 2003.

<http://www.geocities.com/scienceeducationinturkey/Bekiroglu.pdf>

Cavas,B., and others (2000) "THE USE OF THE COMPUTER TECHNOLOGY IN SEVENTH GRADE SCIENCE TOPICS WHICH CONTAIN MATHEMATICS" International Special Education Congree ISEC-2000 July, 24-26 th 2000, Manchester, UNITED KINGDOM.

E-mail: "Bulent Cavas" bulent.cavas@deu.edu.tr

Cavas,B., Kesercioglu,T., Köroglu,H. (2001) "THE IMPORTANCE OF MATHEMATICS SKILLS IN SCIENCE EDUCATION" Proceedings of Third International Conference on Science Education Research in Knowledge Based Society. Pp.775-780, Vol.II, ISBN 960-243-579-8

Cavas,B., Cavas,P. (2003) "INTEGRATION OF SCIENCE AND MATHEMATICS: SCIENCE TEACHERS' PERCEPTIONS OF STUDENTS' ERRORS IN PRIMARY SCIENCE TOPICS WHICH INVOLVE MATHEMATICS" Proceedings of Third International Mediterranean Conference on Mathematical Education, Pp.725-735, ISBN 960-7341-25-2

Cavas, B., Cavas, P., Taskin, B. (2003) "VIRTUAL REALITY IN EDUCATION" III.International Educational Technology Conference and Fair, 28-30 May, Eastern Mediterranean University, TURKISH REPUBLIC OF NORTHERN CYPRUS.

Cavas, B., Taskin, B., Kesercioglu, T. (2003) "THE COMPARISON OF WEB BASED TEACHER SUPPORT SYSTEMS" III. International Educational Technology Conference and Fair, 28-30 May, Eastern Mediterranean University, TURKISH REPUBLIC OF NORTHERN CYPRUS.

Cavas, B., Russa, G., Pitkanen, S., Silander, P., Silvasti, P., Suhonen, J. (2003) "WHAT ARE NEEDED TO BE CONSIDERED BESIDE OF LEARNING OBJECTS IN COMPUTER SCIENCE EDUCATION" Kolin Kolistelut-Coli Calling 2003, October, 3-5, 2003. Joensuu, FINLAND.

Cavas, B., Kislal, T., Cavas, L., Keserciođlu, T. (2003) "SCIENCE TEACHER SUPPORT SYSTEM ON THE WEB" Second International Conference on Multimedia and ICT in Education (m-ICTE 2003). December, 3-6th Badajoz, SPAIN. E-mail: "Bulent Cavas" bulent.cavas@deu.edu.tr

Cakiroglu, J., Telli, S., & Cakiroglu, E., (2003). Turkish High School Students' Perceptions of Learning Environment in Biology Classrooms and their Attitudes toward Biology, 84th Annual Meeting of American Educational Research Association (AERA), Chicago, USA. (Eric Document Reproduction Service No. ED477696).

E-mail: "Sibel Telli" tellisibel@yahoo.com

Cakmakci, G. (2004). *Different ways of explanation: Descriptive/Empirical vs. Explanatory/Theoretical*. Paper presented at the European Science Education Research Association (ESERA) Summer School, Mulheim, Germany. August 28-September 4, 2004.

E-mail: "Gultekin Cakmakci" gulekincakmakci@yahoo.com

Cakmakci, G., Donnelly, J., & Leach, J. (2004). *Turkish secondary and undergraduate students' understanding of the concept of catalysis: Implications for teaching and modelling*. Paper presented at the 18th IUPAC International Conference on Chemical Education, Istanbul, Turkey, August 3-8, 2004.

www.18icce.org

E-mail: "Gultekin Cakmakci" gulekincakmakci@yahoo.com

Cakmakci, G., Donnelly, J. & Leach, J. (2003) A cross-sectional study of the understanding of the relationship between concentration and reaction rates among Turkish secondary and undergraduate students, Paper presented at the 4th ESERA Conference, Noordwijkerhout, The Netherlands, 19-23 August 2003. http://www.education.leeds.ac.uk/research/scienceed/esera_2003/leeds3.pdf

Celik, S., Bayrakceken, S. and Sözbilir, M., The prospective teachers' views of the nature of science and effectiveness of "science, technology and society" course on these views, 5-9 July, 2004, 7th Conference of Earlie's JURE (Research from Theory to Practice), Bahçesehir University, Bahçesehir University - Istanbul,

Chell Roberts , Dale Baker , Stephen Krause , Antonio Garcia , Sharon Robinson Kurpius, James A. Middleton , D. L. Evans , Mary R. Anderson-Rowland, Debra Banks, Cheryl Gengler , Peter Crouch , & Senay Yasar, (2003) Designing a graduate education course for design, engineering, and technological concepts for k-12 teachers, *Paper presented at the 33 rd ASEE/IEEE Frontiers in Education Conference*, USA.

<http://fie.engrng.pitt.edu/fie2003/papers/1070.pdf>

Cokelez, A., Dumon, A. (2004). Chemical bonding: from reference knowledge to acquired knowledge in lycee (grade 10-12). Paper presented at the 18th IUPAC *International Conference on Chemical Education*, Istanbul, Turkey, August 3-8, 2004.

Cokelez, A., Dumon, A. (2004). Acquired knowledge in the models range (atom, molecule): a longitudinal study from college to lycee. Paper presented at the 7th ECRICE "European Conference on Research in Chemical Education " and 3rd ECCE "European Conference on Chemical Education", Ljubliana, Slovenia, August 24-28, 2004.

Coştu, B., Ünal, S., Ayas, A. (2004) Distinguishing Mixtures and Chemical Compounds: A Clay Activity. Poster presented at the 18th International Conference on Chemistry Education, "Chemistry Education for the Modern World", August 3-8, İstanbul, Turkey.

Erduran, S. (2003). Discourse analysis in science education. Proceedings of the European Science Education Research Association Summer School, Radovljica, Slovenia. E-mail: "Dr. Sibel Erduran" sibel.erduran@kcl.ac.uk

Erduran, S. (2003). Bonding chemical knowledge and education. Abstracts of the 10th Biennial Conference of the European Association for Research in Learning and Instruction, pp.270-271. Padova: University of Padova. E-mail: "Dr. Sibel Erduran" Sibel.Erduran@bristol.ac.uk

Osborne, J., Erduran, S., & Simon, S. (2002). Promoting argument and discourse in the classroom: An empirical study. In, L. Yore & B. Hand (Eds.), Proceedings of the conference on "Ontological, Epistemological, Linguistic and Pedagogical Considerations of Language and Science Literacy: Empowering Research and Informing Instruction," University of Victoria, CD-rom.

Osborne, J., Simon, S., Erduran, S., & Monk, M. (2001). Enhancing the quality of argument in school science. Proceedings of the Third International Conference on Science Education Research in the Knowledge Based Society, Vol. 1, pp.175-177, Thessaloniki: Aristotle University of Thessaloniki.

Erduran, S. (2001). Teaching critical themes from philosophy of chemistry: The case of reduction in chemistry education. Proceedings of the 6th International History, Philosophy and Science Teaching Conference, Denver, USA, CD-rom.

Erduran, S., Osborne, J., Simon, S., & Monk, M. (2001). Enhancing the quality of argument in school science. Proceedings of the 6th International History, Philosophy and Science Teaching Conference, Denver, USA, CD-rom. E-mail: "Dr. Sibel Erduran" Sibel.Erduran@bristol.ac.uk

Aduriz-Bravo, A., & Erduran, S. (2001). La epistemología específica de la biología como disciplina emergente y su posible contribución a la didáctica de la

biología. V jornadas Nacionales de Enseñanza de la Biología. Proceedings of the Fifth Symposium on Biology Teaching. Posadas, Argentina.

Ellenbogen, K. M., Duschl, R., & Erduran, S (1999). Middle school students' dialogic argumentation. In, M. Komorek et al (Eds.), *Research in science education: Past, present and future*, Proceedings of the 2nd International Conference of the European Science Education Research Association, Kiel,1(2), 420-422.

Erduran, S. (1997). Reflections on the proceedings from HPSST conferences: A profile of papers on chemistry education. In, I. Winchester (Ed.), *Proceedings of International History, Philosophy and Science Teaching Group North and South America Regional Conference*. Calgary: University of Calgary, CD-rom.
E-mail: "Dr. Sibel Erduran" sibel.erduran@kcl.ac.uk

Erduran, S. (1995). Science or pseudoscience: Does science education demarcate? The case of chemistry and alchemy in teaching. In, F. Finley, D. Allchin, D. Rhees, & S. Fifield (Eds.), *Proceedings of the Third International History, Philosophy and Science Teaching Conference*, Vol. 1, pp. 348-354. Minneapolis: University of Minnesota.

Erduran, S. (1996, April). Reflections on Turkish Cypriot and Greek Cypriot students' perceptions of the Cyprus conflict: Implications for peace education. Paper presented at the annual meeting of the American Educational Research Association, New York. [In press by ERIC Document Reproduction Service No. ED427985]
Erduran, S. (1999, September). Philosophy of chemistry: An emerging field with implications for chemistry education. Paper presented at the Fifth International History, Philosophy and Science Teaching Conference. Pavia, Italy [ERIC Document Reproduction Service No. ED434811]

Nagy, K., Collins, A., Duschl, R., & Erduran, S. (1999, March). Changes in science teachers' practice and beliefs: Progress toward implementing standards-based reforms. Paper presented at the annual conference of the National Association for Research in Science Teaching, Boston. [ERIC Document Reproduction Service No. ED443697]

Duschl, R., Ellenbogen, K., & Erduran, S. (1999, March). Promoting Argumentation in middle school science classrooms: A Project SEPIA evaluation. Paper presented at the annual meeting of the National Association for Research in Science Teaching, Boston [ERIC Document Reproduction Service No.ED453050]

Erduran, S. (1998, April). Modeling in chemistry as cultural practice: A theoretical framework with implications for chemistry education. Paper presented at the annual meeting of the American Educational Research Association. San Diego. [ERIC Document Reproduction Service No. ED420507]

Erduran, S., & Duschl, R. A. (1998, January). The Acids and Bases Curriculum: A context for teaching the particulate nature of matter and changes in matter. In, Rubba, P., & James, A. (Eds.), *Proceedings of the Annual International Conference of the Association for the Education of Teachers in Science*, Minneapolis, MN. [ERIC Document Reproduction Service No. ED421363]
E-mail: "Dr. Sibel Erduran" Sibel.Erduran@bristol.ac.uk

Erduran, S. (1996, April). Analysis of physical science textbooks for conceptual frameworks on acids, bases and neutralization: Implications for students' conceptual understanding. Paper presented at the annual meeting of the American Educational Research Association, New York. [ERIC Document Reproduction Service No. ED395791]
E-mail: "Dr. Sibel Erduran" Sibel.Erduran@bristol.ac.uk

Erduran, S. & Duschl, R.A. (1995, April). Using portfolios to assess students' conceptual understanding of flotation and buoyancy. Paper presented at the annual meeting of the American Educational Research Association, San Francisco. [ERIC Document Reproduction Service No. ED385492]

Erten, S. & Bamberg, S. & Graf, D. & Klee, R. (2000): Determinants for Practicing Educational Methods in Environmental Education - A Comparison Between Turkish and German Teachers Using The Theory of Planned Behavior. In. *Proceedings of the III Conference of European Researchers in Didactic of Biology*. September 27 th - October 1 St 2000. Santiago de Compostela (Spain), pp.375-389
E-mail: "Dr. Sinan Erten" serten@hacettepe.edu.tr

Erten S. (2000): Empirische Untersuchungen zu Bedingungen des umweltgerechten Verhaltens (Müllvermeidung) bei Schülerinnen und Schülern auf der Grundlage der Theory of Planned Behavior (Poster;). V. Uluslararası Ekoloji ve Çevre Sorunlar Sempozyumu "Çevre Eğitimi", 1-2 Kasım 2000. Ankara.

Erten, S., Özdemir, P. Güler, T. (2003): Okul Öncesi Eğitim Kurumlarındaki Öğretmenlerin Çevre Bilinci Düzeylerinin ve Bu Okullardaki Çevre Eğitiminin Durumunun Belirlenmesi. OMEP 2003 Dünya Konye Toplantısı Ve Konferansı. Konya/ Türkiye. E-mail: "Dr. Sinan Erten" serten@hacettepe.edu.tr

Erten, S. (2003): Okul Öncesi Öğretmen Adaylarında Çevreye Yararlı Davranışların Araştırılması. OMEP 2003 Dünya Konsey Toplantısı Ve Konferansı. Kusadasi/ Türkiye (Poster).

Godek, Y., 'Student Teachers' Ideas about Chemical Change', Paper presented at the Annual meeting of The Association for Science Education, 09, January, 1999, Reading.

Turkmen, L. & Bonnsetter, R. (2000). A Study of Turkish Science Teachers'

Attitudes toward Science and Science Teaching and Relations with Several Sosyo-Demographic Factors, 2000 NARST Annual Meeting, New Orleans, LO (USA) E-mail: "Dr. Lutfullah Turkmen" l_turkmen@yahoo.com

Turkmen, L. & Bonnstetter, R. (1999). A Study of Turkish Science Teachers' Attitudes toward Science and Science Teaching. 1999 NARST Annual Meeting, Boston, MA (USA).

Tasar, M. F., Dana, T. M., & Lunetta, V. N. (2000, April). What it takes to understand: One college student's mental model of force, acceleration, and velocity. Paper presented at the annual meeting of American Educational Research Association (AERA), New Orleans, LA.

E-mail: "Dr. Mehmet Fatih Tasar" mftasar@gazi.edu.tr

Tasar, M. F., Dana, T. M., & Lunetta, V. N. (2000, April 28-May 1). A Teacher-Researcher's Perspective on Learning concepts and solving problems in simple machines. Paper presented at the annual meeting of the National Association for Research in Science Teaching, New Orleans, LA.

Tasar, M. F., Dana, T. M., Taylor, J. A., & Lunetta, V. N. (2000, January). Authentic instruction and non-trivial physical science for non-majors. Paper presented at the winter meeting of the American Association of Physics Teachers, Kissimmee, FL.

Robinett, R. W., Cataloglu, E., & Tasar, M. F. (2000, January). Validation of the Quantum Mechanics Visualization Instrument (QMVI). Paper Presented at the winter meeting of the American Association of Physics Teachers, Kissimmee, FL. (Supported in part by NSF grant #DUE 9950702)

Cataloglu, E., Robinett, R. W., & Tasar, M. F. (2000, January). Augmentation of students' visual understanding of selected topics in quantum mechanics. Paper Presented at the winter meeting of the American Association of Physics Teachers, Kissimmee, FL. (Supported in part by NSF grant #DUE 9950702)

Tasar, M. F. (1999, October). Reflections about training prospective elementary school teachers in science at Penn State University: Glimpses of an authentic instruction. Paper presented at the North-East regional meeting of the Association for the Education of Teachers in Science, Syracuse University, NY.

E-mail: "Dr. Mehmet Fatih Tasar" mftasar@gazi.edu.tr

Tasar, M. F., & Van Meter, P. (1999, August). An investigation of students' learning processes in simple machines. Paper presented at the summer meeting of the American Association of Physics Teachers, San Antonio, TX..

Tasar, M. F., Taylor, J. A., & Dana, T. M. (1999, August). Engineering with Legos™. Paper presented at the summer meeting of the American Association of Physics Teachers, San Antonio, TX.

Taylor, J. A., Dana, T. M., & Tasar, M. F. (1999, August). An Integrated Engineering/Physics Course for Elementary Education Majors. Paper presented at the summer meeting of the American Association of Physics Teachers, San Antonio, TX.

Macaroglu, E., Tasar, M. F., & Cataloglu, E. (1999, April). The Turkish Pre-Service Elementary Teachers' Beliefs about the Nature of Science. Paper presented at the annual meeting of the National Association for Research in Science Teaching, San Diego, CA.

Uludag, N. (2004). Exploring preservice teachers' experiences with action research. *This paper is presented at Association for Education of Teacher of Science (AETS) National Conference, Nashville, TN. January 2004.*
