Cascade Bottled Water Company
214 S. Fairview Ave.
Farmington, NM

ATTN: Darrell Leeper

Dear Darrell,

In the past, you and your Company have generously donated bottled water to be distributed to any and all of the people who participate in the Farmington Freedom Days Party in the Park on July 4th. We, the Baha'is, would like to know if we may count on your donation again this year for the free water booth we set up in Brookside Park? We ordinarily pick up 20 5-gallon bottles of water and two room temperature dispensers from you.

We still have some of your business cards on hand from last year's event, to use to direct people to your business if they would like to inquire about your services.

Thank you for your past support of our water booth, and we look forward to hearing from you about this year's event.

Sincerely,

Linda J. Buder
