Homework

Where do you live?
What sort of place is it?
What's it famous for?

My name is Diaconu Alexandru-Stefan. I live in Bucharest, a big city in the Romania. It's a great place to live. Bucharest is famous for its museums and it's got three great football teams, FC Steaua Bucuresti, FC Rapid Bucuresti, FC Dinamo Bucuresti. There are some big shops, lots of clubs and discos and there are also some interesting museums and art galleries.

What's your home like?
Who do you live with?

I live in a flat. It's on the ground floor of a block of flats. I'm lucky because my bedroom's quite big and I've got a great view. I live with my mother, my father and my brother George. My mother is a housewife and my father's an engineer at Marco & Alex.

Write about your typical weekend.
What do you do? Where do you go?

On Saturdays I usually get up late, did my homework and play games on the computer. In the afternoons my family and I sometimes go to a shopping centre. In the winter my family and I go to the mountains or to my grandparents and watch a football match on TV.
