Retail Value

\$2,760

Suggested retail represents the price a dealership might ask for this make and model vehicle. This represents a fully reconditioned vehicle in excellent condition with a clean [title history](#). This retail price is not a trade-in or private-party value, but rather assumes that a dealer has absorbed the cost of making the vehicle ready for sale, reconditioning, advertising, sales commissions, arranging for financing and insurance and standing behind the vehicle for any mechanical or safety problems. Many late model vehicles at this price have passed an inspection program or carry a warranty. Actual dealer selling price may vary from this price.
