Post Reunion (13)
Steeve Kay (Ko Thaug Sein) [EC70]

Dear Sayas and Colleagues,

I just received this e-mail from Steeve Kay (a) Ko Thaug Sein (EC 70), one of our Golden Sponsors.

Everybody has started to talk about Singapore 2002. Hope the young alums and the ex-faculty in Singapore will be proud and excited to host the next Reunion.

RIT Poet Laureate Ko Hla Min:

I must admit that I was suffering from a Monday morning "hangover", having been intoxicated with emotional overdose over the reunion weekend.

Judging from the post-reunion emails I read, I am not alone. What a reunion!

By all measures, it was a success and did satisfy the alumni's tremendous pent-up desire to reconnect with each other after many decades of separation.

The dedication of the members of the organizing committee is second to none.

With the assistance of his lovely wife, Benny Tan devoted practically full-time to this project for several months. I had a first-hand experience to see how meticulous he was when he was designing the RIT T-shirt. It came out a winner!

The prolific writings of RIT's Poet Laureate, Ko Hla Min, did glue

everybody together. Maurice Chee is indeed an unsung hero and KMZ's "workaholic personality" was put to good use. Ha! Ha!

I do appreciate the sensitivity the organizing committee displayed in making this event non-religious and non-political. Otherwise, it would have been very difficult for me to attend. The only regret is that I failed to locate the whereabouts of my buddy Ko Aung Min of Taunggyi (ME 70). I heard he went to Singapore, but so far my search has ended in "no find".

Now that the grand reunion is over, everybody is slowly recovering from the "hangover". The big question is who would go to Singapore in 2002, and how do we go about doing it?

With best regards,

Steeve Kay (Ko Thaug Sein)
