Post Reunion (14)

Dear Sayas and Colleagues,

According to Sayagyi U Ba Toke, Saya U Thit (Met) was one of the early faculty members at the Faculty of Engineering. Upon return from Lehigh University (in the US), he became the Head of Department of Metallurgy. He taught "Materials and Processes" in my 2nd B.E.

Saya's photo [taken with Saya U Aung Khin] can be found in the "Photo Gallery" on our web site <http://www.ex-rit.org>. The photo is part of the album accompanying Saya U Aung Khin's excellent article on his post-retirement sojourns.

Due to short notice and schedule conflicts, Saya U Thit could not join the first ever RIT Reunion and SPZP, but he is enjoying the Post Reunion articles that I mailed to him. The following is Saya's reply:

From Saya U Thit (Melbourne, Australia)

Dear Ko Hla Min

Thank you very much for sending the mails relating to the recent reunion. I read them with much interest. Congratulations to all on a very successful occasion. I would be glad if you could send any further emails to me.

best wishes, Maung Thit, Melbourne, Australia mthit@bigpond.com

Help in "Looking for ..."

I believe the Diana Ho, Ivan is looking for is now Diana Tseng.

Please pass on the info.

Editor's note:

Thanks Saya George.

According to Ko Thein Aung's correction, Saya George [and not Saya U Myat Thwin] was the recipient of affectionate kisses from his spouse at the ChE reunion dinner [in honor of Saya U Khin Aung Kyi].

Proud Grand Parents

We were fortunate that Saya Ba Nyunt (Elec 58) and Sayama Daw

Muriel Tun Gyaw, spouse of the late Saya U Win Kyaing [Maurice's uncle] were able to attend the Reunion and SPZP.
They were visiting their premier grandchildren.

Daniel Tint Lwin, Organizer for Singapore 2002

Danny sent the following e-mail last night:

Dear HM

I am sending this message from my sister's place in Windsor, Ontario, Canada. I guess people are already talking about the next reunion in Singapore in 2002. Two years is not so far away, and hence, we need to start arranging as soon as I got back to Singapore on 8 Nov. I'll form a Working Committee and start working on it. As you guys had already paved the way, I don't think we need to form another Steering Committee. You guys can serve as the Advisory Committee members. We urgently need to fix the dates and book the hotel. The million dollar question will be: 'What's the expected no. on attendance?' My feeling is that it will be more than 300. What's yours?

Before I left San Francisco I met Benny at the airport and he told me some of the difficulties the committee members faced. I would really appreciate it if all of your committee members let me know their difficulties so that I can be more prepared.

Best Regards

SEE YOU IN SINGAPORE!!!

Daniel

Editor's note:

Singapore has a large number of alums. Since it's close to Myanmar, alums and Sayas from Myanmar might be able to join Singapore-2002. Looking forward to the next Reunion.
