Hi Ko Hla Min

Congratulations on a great success of RIT ReUnion 2000 in SF, we enjoyed meeting our Sayagyis and friends, and we look forward to the RIT ReUnion 2002 in Singapore.

With Dr and Mrs Aung Gyi and Saya U Aung Khin, we traveled hesitantly to South Lake Tahoe on Monday, November 30. It was snowing on Hwy 50 near Lake Tahoe and were glad that we finally made it without the need for snow chains.

We stayed at Harvey's, thanks to Ko Tint Naing who was there a day earlier, made the reservations for us.

We returned to LA on Tuesday just in time for late dinner. On Wednesday, Dr Christopher Lee (Saya L. Tin Tun) and wife Pamela invited us to dinner at a Chinese restaurant and their home in Lakewood. It is a beautiful 5,000 sq ft single storey home. We have requested, and they agreed that we will have a BASES dinner over there sometime in 2001. We will give you the date when it firmed up.

Dr & Mrs Aung Gyi traveled with U & Mrs Myo Myint Sein to Arizona and Nevada on Friday, November 3. Saya U Aung Khin traveled yesterday (Sunday) evening by Amtrak to visit his daughter in Denver, Colorado before returning to Windsor, Ontario.

Helping hands in Singapore

=====

On behalf of the Myanmar Engineers (mostly ex-RIT alums) in Singapore, Ko Zaw Tun sent out "Help our fellow -- Mi_Mi_Khaing (Poly student in Singapore)". She had undergone three operations for brain tumor. She is listed as critical; even if she recovers, she'd be paralyzed or [lay in coma]. Poly students prayed continuously [in rotation] for her recovery.

Ko Zaw Aung replied to Ko Zaw Tun:

Many Burmese empathize with her but time and situation might not [or do not] allow them to visit and donate.

Can you get approval/acknowledgement from her parents to disclose her bank A/C and Name so that we [and interested alums/students] can donate by ATM or crossed cheque?

I believe that she has an official Bank A/C.

Regards
Zaw Aung

Here's Ko Zaw Tun's reply:

Ko Zaw Aung

Thank you very much for your concern and sympathy to the girl.
We appreciate your suggestion of crediting to the bank account directly.

We herewith enclose her father's bank account. It will be more convenient than Mi Mi Khaing's account since she is immobilized and unconscious.

Bank Name : OCBC (Overseas Chinese Banking Corporation)
A/C Holder name : Than Htay
A/C Number : 501-4-0802 45

Those who are in [work] group(s) like Chartered Semiconductor could collect the donation within their group and credit to the A/C. Individuals could either visit hospital or bank transfer at ATM m/c or give their donation to those who plan to visit the hospital.

Please kindly keep the record(s) of your donation for the record purpose and inform us by e-mail. We will consolidate all donation and publish on the {Singapore ex-RIT} web site.

Please relay the message to those who are not in [my] mail list.

Thank you
Zaw Tun

Editor's note:

Often we are reminded about sickness, aging, death, ...
We're proud to know that the Myanmar people in general and the RIT
alums in particular would respond to "Nar Ye".

The HLN (Htay Lwin Nyo) Memorial Pages is a testimony that people
[still] care about others -- even those they do not know. The case
presented above is further proof that the Myanmar people [wherever
they may be] respond quickly to pleas for physical, moral, and monetary
help.

Thadu, thadu, thadu.

In addition to "Metta sutta", "Bojjinga sutta" is recited for speedy
recovery of patients.
