

# **I Like You**

By Carla Piper

It's a happy day. They're lots of game to play on a happy day like today.  
So come with me and you will see how happy we can be together.

Can you hold my hand? I'll hold your hand too.  
Don't you understand I'll hold you hand 'cause I like you.  
I'm holdin' your hand  
You're holdin' my hand too.  
We're holdin' hands 'cause you like me  
And I like you

It's a happy day. They're lots of game to play on a happy day like today.  
So come with me and you will see how happy we can be together.

Can I touch your nose? Why do you suppose?  
I want to touch your nose to let you know I like you.  
I'm touching your nose.  
You're touching my nose too.  
We're touching noses 'cause you like me  
And I like you

Let me see your eyes, You can see mine too  
I guess it's no surprise you know I like you  
Can I point to your eyes?  
You can point to my eyes too  
We're pointing at our eyes 'cause you like me  
And I like you

Let me see your ears. You can see mine too  
Your ears will let you hear me say I like you  
Can I touch your ears?  
Your can touch my ears too  
We're touching ears 'cause you like me  
And I like you

It's a happy day. They're lots of game to play on a happy day like today.  
So come with me and you will see how happy we can be together.

Let me hear your voice. You can hear mine too  
I'll make a little noise to let you know I like you  
I'll talk to you  
You can talk to me too  
We're talkin' 'cause you like me  
And I like you
