

SHIBASHISH ROY

CAREER OBJECTIVE

To leverage my knowledge in production engineering and couple it with the new skill set acquired in the MBM program enabling me to develop solutions for the industry which will be beneficial to them in achieving their vision and goals.

WORK/PROJECT EXPERIENCE

- ✓ Currently I am pursuing a project which involves studying the operations and distribution structure of various goods companies in and around kharagpur, find out difficulties faced by each and finally suggest a strategy for success in this market.
- ✓ As a part of the MBM course, I carried out a study on the various courier companies in Kharagpur and drafted a strategy for the entry of a new player into the market.

<u>Duration</u>	<u>Company</u>	<u>Post Held</u>
April 2002 – June 2002	Voltas India Limited	Project Trainee

- ✓ As a part of my duties in the industrial engineering department, I was involved in the rightsizing exercise and methods improvement program in which in the short duration of a month that I was there I was instrumental in saving the company nearly Rs 4,00,000/-p.a. in direct material costs.
- ✓ As part of our course in production engineering I pursued a 6-month project at Elecon Limited (Gear Division) on the studies of development of a gearbox casing. This project involved the analysing the causes for the failure of a new gearbox even though it was offering better features. We had tracked the problem backward from the customer till we traced it to a design change which was necessary for the product to pick a share in the Indian market. The product, a monoblock gearbox had to be split and yet the modularity had to be maintained for ease of production. The project achieved a result which provided the base for the CAD software to take over and give the finishing touches to it for the final design.

I have worked as a senior faculty in the following institute while studying engineering:

<u>Year</u>	<u>Institute</u>	<u>Subjects Taught</u>
May'00-Jul'01	ITC, Mogri	C, C++, OOAD

N.B. ITC, Mogri is an authorised AutoDesk Training Centre and a recipient of the best institute award for DOEACC

EDUCATION

<u>Examination/Course</u>	<u>Year of Passing</u>	<u>Board/University</u>	<u>Marks (in %)</u>
MBM	2004	IIT, Kharagpur	Continuing
B.E.(Production)	2001	B.V.M Engineering College, Vallabh Vidyanagar	7.71 (CGPA)
AISSCE	1997	CBSE	84.6
AISSE	1995	CBSE	78.4

AWARDS RECEIVED

1st prize in Inter-School Quiz competition 1996
1st prize in Inter-Collegiate Drama Competition 1997
University Quiz Champion 1998,1999

INTERESTS AND ACTIVITIES

Playing Badminton And Tennis, Quizzing, Reading Books

LANGUAGES

English, Hindi, Bengali, Gujarati

EXTRACURRICULAR ACTIVITIES

Member of college drama team 1997-98
Member of college quiz team 1998-99
Member of organizing committee of FUNDU'99 (Inter College Festival)
Member of editorial committee of Vishwakarma '99,'00 (College Magazine)
Member of University Youth Festival Team 1999

COMPUTER KNOWLEDGE

Operating Systems: Windows 98, Windows 2000, Linux
Languages Known: C, C++, Fortran
Packages known: Microsoft Office, Mechanical Desktop

PROFESSIONAL MEMBERSHIPS

Member, SPIC-MACAY, VVNagar Chapter,1998-99
Member, Indian Society For Technical Education, 1997-98

PERSONAL INFORMATION

- Marital status: Single
- Nationality: Indian
- Date Of Birth : 18/12/1979
- Age: 22
- Place of Birth: Cuttack
