Bulldogs

Health Guarantee

Seller(s) certifies that the Bulldog described herein is of sound health at the time of this sale and has been immunized and wormed accordingly. Buyer(s) is advised to have this Bulldog examined by a competent veterinarian (preferably with experience in the Bulldog breed) within 72 hours from the time that delivery of this dog is taken. If the veterinarian does not find the dog to be in good health as outlined in this guarantee and states so IN WRITING, Buyer(s) must notify the Seller immediately. Seller reserves the right to have the dog re-examined by our veterinarian at our cost. If the diagnosis is confirmed by our veterinarian, Seller will resume possession and give Buyer(s) a full refund or credit toward another dog, if Buyer(s) so chooses.

Seller guarantees this dog to be free of serious, life-threatening genetic conditions, i.e. heart murmur, severe hip & elbow dysplasia, and pathological spinal disorder. If any such condition is found and proven in writing from a licensed veterinarian and substantiated by lab tests and/or xrays, puppy may be returned to Seller for refund of purchase price or credit toward another puppy (Seller's choice). Minor, breed related, and treatable or correctable conditions, or any condition which could go away or is considered to be a condition which a puppy will likely outgrow are not covered. Buyer(s) is responsible for vet bills incurred prior to return, and transportation cost to return. This guarantee is in effect until puppy reaches ONE YEAR of age.

Although a concentrated effort is made by Seller to breed sound, healthy puppies, Buyer(s) should understand that, due to the nature of the breed, Bulldogs are predisposed to certain medical anomalies, and that a normal Bulldog may have one or more of these conditions during its lifetime. The Buyer(s) is urged to research the breed and be familiar with all the health issues that could affect their Bulldog before entering into this or any agreement to purchase a Bulldog.

Buyer agrees to provide good care and a loving environment for this dog and is aware that a Bulldog can overheat quickly and easily and may die as a result of heatstroke, and therefore must be housed indoors primarily. Buyer agrees not to sell this dog or its offspring to any broker or retail company or establishment.

This dog is warranted only for the purpose of being a pet and companion. Upon transfer of ownership from Breeder, Buyer(s) will be given an AKC Limited Registration Application (breeding rights restricted unless otherwise noted herein), vaccination record, and health certificate if applicable. Spaying or neutering is strongly recommended and no warranty is given to the Buyer(s) for any special purpose or function of this dog. It is further understood and agreed that no warranty or representation has been made with respect to above-described puppy except as set forth in writing in this agreement.
