

2 September 1999

TO WHOM IT MAY CONCERN

I am pleased to write in recommendation of Daniel Simpson whom I have known since 1993. Daniel was the State Manager of Five Star Shipping & Agency Company when he worked in our Sydney office.

I reported to directly to Daniel in my position as freight manager. During this time I was impressed with Daniel's management style and his extensive knowledge of the shipping industry which was a benefit to our staff and how we operate.

I found Daniel was always very punctual, motivated and committed to his job and always looking to improve how we operated.

Since leaving Five Star Shipping I know Daniel has been undertaking a study course which will further add to his abilities.

I believe Daniel is able to apply his knowledge and ability to whatever position he applies for.

Joseph Francis
