19th October

To Whom it May Concern.

Mr. Dan Simpson.

Dear Sirs,

Mr. Dan Simpson was in our employ from the 3rd January until 19th October and during this period we found Dan to be extremely capable in his work.

Whilst serving in our Operations Department, Dan was responsible for the deployment of cargo containers throughout the entire Queensland area and for ensuring that vessels receival deadlines were met.

As we handle several thousand containers annually in our various trades, this was no easy task and Dan was frequently called on to work extended hours and through periods when he was placed under severe pressure.

This he always faced willingly whilst acquitting himself well. Furthermore, a sign of his maturity well in advance of his years was the pleasant disposition he constantly maintained.

Dan leaves us today of his own accord to further his shipping career with another Agency. We are certainly sorry to see him go and would have no hesitation in giving the highest recommendation to any prospective employer.

Yours faithfully,
WILH. WILHELMSSEN AGENCY PTY. LTD.

OPERATIONS MANAGER.
