

Soy Candles

Our soy candles are available in numerous fragrances and come in two sizes. They are made from a soy blend wax and so have a longer burn time and release less particulates into the air than candles made from paraffin. They are not dyed, retaining the natural creamy white color of soy wax, and making for an even cleaner burn.

The 8-oz mason jar is \$8 or 2 for \$15 and burns for approximately 40-60 hours. The 16-oz mason jar is \$14 or 2 for \$25 and burns for approximately 80-100 hours.

Rustic Paraffin Candles

4-Pack of 2-oz votives	\$5.00	Burn 15-20 hrs each
3" pillar	\$10.00	Burn 30+ hrs
6" pillar	\$20.00	Burn 60+ hrs

Our Rustic Paraffin Candles have a rough, primitive-type finish that is a complement to nearly every room décor, from modern to country. As with all of our soy candles, all of our rustic paraffin candles are fragrance-saturated: they have the maximum amount of fragrance that the wax can hold. 6" pillars have three layers, while 3" pillars have two.

They are available in the following varieties:

Blackberry Bramble The full-bodied fragrance of crushed, ripe blackberries captured in layers of berry purple.

♥ **Cedar Woods** Bring the forest to you with this candle of richest mahogany brown. Will fill a room with a clean, woody fragrance.

♥ **Eucalyptus Mint** Layers of palm green provide hours of the soothing fragrance of eucalyptus leaves and spearmint

Lavender Vanilla Relax with this candle of deep lavender. Scented with lavender essential oil and the inspiring fragrance of vanilla.

♥ **Rainforest** Jungle green wax melts into tropical mists, jasmine vines, and the earthy fragrance of wet tree bark

♥ **Sandalwood** Layers of tan exude the heady fragrance of tropical sandalwood

♥ **Woodland Pine** Hunter green layers scented with the resinous perfume of pine needles

♥ denotes Valentine's Day favorite.
