

Use the ideas and concepts that you have learned over the past two weeks, to make a Flash movie.

Note:

It must be a minimum of 20 seconds, and
have no, or minimal use of repeating loop segments. 20 marks

It must have an title screen at the start, and 5 marks
it must have a credit screen at the end. 5 marks

You must use at least 5 of the following

5x5 = 25

- sound file
- video file
- frame-by-frame animation
- motion tweening- translation
- motion tweening- size
- motion tweening- rotation
- motion guide
- shape tweening
- text
- colour tinting
- Alpha (transparency of objects)
- animated text
- minimum of 3 layers
- a mask layer
- button(s)
- action script
- lines, rectangles, ovals and other shapes
- gradient fill colours
-
-
-

As well, marks will be given for

a hint of a plot 1, or
some semblance of a plot 3, or
a plot 5

sharing your movie with the class on 5
Subtotal 65

Plus... additional marks will be given for exceptional effort, talent,
uniqueness, and for using more than the 5 items in the above list. 20
