

New in the Tech Center!

Aftershokz - Bone Conduction Headphones

Available in 4 colors (gray, red, green, and blue), the Trekz Air are wireless bone conduction headphones that keep your ears open to hear your surroundings, while allowing you to still hear your music, audiobooks, or podcasts. Trekz Titanium and Titanium Mini are slightly heavier, but less expensive (Mini is designed for smaller wearer), and Sportz are wired.

Try out the demo Trekz Air at the counter!

Trekz Air - \$159.95 (at registers/behind Ted's desk)

Trekz Titanium/Mini - \$99.95 (Arriving 3/1)

Sportz Titanium w/Mic - \$59.95 (Arriving 3/1)

HyperJuice Wireless Charger Case for AirPods

Wireless charging case for Apple AirPods that works with any Qi Wireless Charging Pad 5W or above. Holds AirPods and AirPods case to charge, protecting the AirPods case beyond the original design. Will fully charge the AirPods case in 1.5 hours.

On the spinner rack in the Tech Center - \$19.99

HyperGear Wireless Charging Mouse Pad

This mouse pad features 3 built-in micro USB ports for multiple orientations, allowing the use of a mouse on the smooth surface, as well as being able to charge any Qi-enabled devices like the iPhone XS, iPhone 8/8+, and the Galaxy S7 or later.

On back wall in Tech Center between keyboards and wireless mice - \$29.99

Lenovo YOGA Mouse

Completely wireless mouse that connects via Bluetooth or Wi-Fi to any computer. Rotating design allow for comfortable mouse design, and in flat-mode, the mouse acts as a remote for PowerPoint presentations. Built-in battery can last up to 1 month on a 2-hour charge. Comes in black or white.

On back wall in Tech Center - \$64.99

Creative Pebble 2.0 Speaker System

Orb-shaped 2.0 speaker system featuring 45° elevated sound stage for enhanced audio projection. Powered by USB cable. Available in black or white.

On back wall in Tech Center below mice - \$27.49

FujiFilm Instax Mini 9 Camera

The leader in the instant camera renaissance, the Instax Mini 9 is just like the instant cameras of old, complete with a mirror-lens design and no digital interface. The camera also determines the best brightness and informs you the best setting with the simple adjustment dial on the lens.

Available in blue, green, or white.

Arriving 3/1

Will be kept behind the registers on the main floor - \$69.95

Additional film packs - \$14.99

FujiFilm Instax Square SQ6 Camera

An adaptation of the Instax Mini, the Instax Square supports square 1:1 prints, 1.5x larger than the mini film. Features an automatic exposure control, a selfie mode and mirror, and a double-exposure mode for artsy prints. Also includes 3 color filters for the flash to add a color “pop” to your images.

Available in gray, blue, and white.

Arriving 3/1

Will be kept behind the registers on the main floor - \$129.95

Additional film packs - \$19.99

Skullcandy Push True Wireless Earbuds

Skullcandy’s version of the AirPods, the Push earbuds feature a 12 hour battery life and FitFin gels for a secure fit in any ear. Available in Psycho Tropical and Gray Day. Indigo Blue and Gray/Black available later this year.

Locked on Skullcandy fixture in Tech Center - \$129.99

Urban Armor Gear Plasma Macbook Case

Unlike the popular Speck hard cases, the UAG cases provide excellent protection for only ~\$30 more. Features an armor shell and impact resistant bumpers and a dual lock secure screen closure. This case meets military drop standards and can effectively be thrown across the room without damaging the case or laptop (I did it, it was cool).

On back wall in Tech Center with Speck cases - \$69.95
