

Company Profile

Overview

Established in 1994, **CAT Marketing Systems** is well reputable Hardware, Software, Solutions and Service Provider Company. CAT stands for “**Computer Aided Technologies**”.

CAT is working in the market with a team of very successful and proven industry veterans intend to deliver the best valued premium quality services to its valuable clients.

We have a vision of making its name synonymous with Quality, Reliability and Customer Satisfaction in the field of Information Communication Technology and we strive for its products to become industry standards in their respective areas.

We deal in computer hardware and accessories like Motherboards, Processors, Scanners, Printers, Fax Machines, Telephone Exchanges, CCTV, UPS, Multimedia Projectors, Complete Security Solution, etc, and provide prompt *After Sale Services* to all kind of office equipment. We are “*Genuine Intel Dealer*” appointed by Intel Corporation Singapore. We also import some computer parts and accessories from Taiwan, China, Hong Kong and Singapore.

CAT Marketing Systems is “*PKNIC SRS Member*” and authorized by PKNIC to register, modify and renew domains. CAT is also authorized to sell PKNIC Prepaid Cards to make payment for new domains or renewal of domains.

Mission Statement

- To provide state-of-the-art Information Communication Technology solutions.
- To achieve customer satisfaction through commitment, trust and service of the highest professional and ethical standards.
- To build long-term relationships with our business partners.
- To provide an environment for social, economic, creative and professional growth to our personnel.

Annual Service & Maintenance Contract

We provide all equipment with warranty/guaranty. If some problem occurs in any machine provided by us, we try to fix it as early as possible. If there is a delay then we provide you an alternate for smooth running of your operations. We also take care of your equipment purchased by any other vendor. We sign *Annual Service & Maintenance Contract* for such equipments with and without parts and provide troubleshoot and maintenance services for all kind equipment at your premises.
