Business Card - ROK

Business cards created for a Korean Barbecue Restaurant, ROK. Part of a branding refresh I did for the restaurant. Other items include a menu, take-out menu, and a new website.

Mock Ups - Gamson Lamborghini

I created eight different options for the first project we proposed to Lamborghini of North America. Out of the eight, we presented these four, and then they decided on option "D."

Postcard - Gamson Lamborghini

Once we had the car with the art on it, we had it photographed by a few different photographers and picked the best shots for our promotional materials. First of these was a promotional post card for the upcoming Art|Basel show and the posters.
