NEWS & EVENT

Mr. Wikaria Gazali Attends IMECS 2011

March 16 , 2011 - March 18 , 2011

Mr. Wikaria Gazali from the department of Mathematics, BINUS University, visited Hong Kong to attend the International MultiConference of Engineers and Computer Scientists 2011 (IMECS 2011). The conference started on the 16th and ended on the 18th of March 2011. The IMECS 2011 is organized by the International Association of Engineers (IAENG), a non-profit international association for the engineers and the computer scientists. The conference has the focus on the frontier topics in the theoretical and applied engineering and computer science subjects.

Mr. Wikaria Gazali presented his paper on "Designing Application Programs Sheet Music Using Fast Fourier Transform Method". Mr. Djunaedi Santoso, Dipl. Ing, M. Kom is also involved in the creation of the research paper. He is a lecturer from Computer Science. After Mr. Wikaria presented his paper, he proceeded to join the conference.
