ACADEMIC FORM STUDENT IMMUNISATION RECORD

Document ID: FORM-008

During your time at Marcus Oldham College, it is anticipated that you will take part in an international tour. The College arranges immunisations **as appropriate for the tour destination**, which are billed to you. It would assist greatly in the planning for this program if you could please complete, sign and return this form. Should you wish to claim the cost of these immunisations through your private health fund, then they must be arranged through your own medical practitioner, as the College is unable to provide individual receipts for vaccine for submission to health funds.

NAME: PAVEL ALEXANDROV

I have been immunised for the following:

| VACCINE | | YEAR RECEIVED |
|---------------------------------------|---|---------------|
| either | DTP (Diphtheria/Tetanus/Whooping Cough) (Child/Adolescent) | |
| or | Tetanus | 2002 (DEC) |
| or | Boostrix (Adult Diphtheria/Tetanus/Whooping Cough) <i>This is a new vaccination available from 2005</i> | |
| MMR (Measles/Mumps/Rubella) | | |
| OPV (Oral Polio – Sabin) | | 1984 |
| either | Hepatitis A | |
| or | Hepatitis B | |
| or | Twinrix (combination Hepatitis A & B) | |
| Typhoid | | |
| Other (please state) <u>SMALL POX</u> | | 1984 |

As a guide, in 2005 the College recommended all students be immunised for all those listed above, plus Influenza, prior to the departure of the Asian destination international tours.

Given the close collegiate environment in which students live, the College recommends immunisation for Meningococcal as well.

I understand that the information provided above will only be used for the purpose of ensuring that I am vaccinated as appropriate for the tour destination and this information will be provided to Barwon Health, Geelong or other appropriately qualified medical practitioners, to assist in the provision of appropriate vaccinations if required.

Signed  Date 08/12/05
