## Grades

**Homework** is worth 50 points if it is turned in on time, 25 points if it is turned in late and 0 points if it is never turned in. Homework is graded on participation. Every problem must be attempted in order to receive credit and all work must be shown. Graphs must be done on graph paper. Homework must be done in pencil and corrected during class in pen.

**Openers** are worth 25 points. An automatic 10 points is given if you try the problems and don't break any rules. Openers are only recorded as out of 20 points. Thus, a score of 25 out of 20 is possible on every opener! Remember: **Silence is golden during openers!**

**Quizzes** will be given on an announced and unannounced basis. Points will vary with each quiz.

**Exams** are worth 1,000 points

**Scale:** A normal 90, 80, 70, 60 percent scale is used.

## Discipline

Problems that arise will be dealt with in a severe manner. Students who cannot behave in class will not be allowed to remain in class.
