

Safety in numbers

Released in Circus album

Show me the way..... muéstrame el camino
they say safety in numbers..... dicen que juntos somos más poderosos
I lift up my eyes to the sky..... levanto mis ojos al cielo
And imagine a crowd..... e imagino una multitud
of hearts that surround me..... de corazones que me rodean
And give me the courage to die..... y me dan aliento para morir

Were you to weep..... ibas que llorar
and lie soft at my feet..... y echarte suavemente a mis pies
Then you'd wash..... luego arrastrarías
all my troubles away..... mis problemas lejos de aquí
And imagine the host..... e imagina una multitud
of angels that surround me..... de ángeles que me rodean
that give me the courage to die..... y me dan aliento para morir
