SPRING 2009/FALL 2009  
Calls after dark, please.

**SHIPPING INFORMATION, ETC. - PLEASE READ CAREFULLY!**

Spring shipments will be made from May 18 - June 3. Late summer/fall orders will be shipped from August 17 - September 8. **Spring Orders received after May 18 will be shipped in August.** Orders must be made by mail only with payment included. No orders accepted after August 31. E-Mail orders are not accepted. We no longer ship to other countries, although you may have us ship plants to a US Nursery equipped to handle foreign shipping for you. When ordering, please use the catalog or website order form. Print clearly or type all information. When indicating your preferred shipping date, bear in mind other orders may supersede yours and that weather conditions may necessitate shipping a week earlier or later. We ship by Priority Mail only. Please read the order blank guarantee. When ordering, **keep spring and fall orders & shipping charges separate.** Pennsylvania customers must pay 6% sales tax. Minimum order for U.S. shipping is \$20.00, excluding shipping costs & tax. No substitutions without permission, but including alternate choices for possible substitution helps if we are sold out of a cultivar. Gift Plants are given IF: A) We are given permission to substitute when sold out. B) The mail order exceeds \$35.00. C) A Bonus is requested. D) An ample list of alternate/substitution choices is given. Gift plants our choice, but we may be able to pick from your alternates. The word Limited means we have only enough plants for 1-3 sales. Peak bloom season is mid-July - mid-August, but bloom occurs from Memorial Day - September. We encourage customers to make garden visits by appointment only. This results in greater customer satisfaction. Appointments can be made by phone, e-mail, or mail.

**ALL SALES ARE FINAL. PLEASE DO NOT CHANGE YOUR ORDER ONCE IT IS PROCESSED!!**  
**NOTE THAT BUD COUNTS IN THIS ZONE ON THIS MOUNTAIN ARE USUALLY LOWER THAN ELSEWHERE.**

Prices are net on all introductions. No extras on introductions.

**INTRODUCTIONS FOR 2009**

**FAMILY CREST** - # 2004-43 – Dor.dip.M.33”7”, Handsome light yellow, brushed lavender Unusual Form Twisting Cascade with a rich & pronounced brushed purple eyezone, especially large and pronounced on the petals. Bright eye-catching Granny Smith apple green throat. 4-way branching, BC=17.....a lovely flower of distinction. (STAR TIDE x Sdlg.).....Fall Delivery.....\$100.00 each

**GHOST TOWN** - # 2002-83 – Dor.dip.M.28” to 40”,6”-7”Haunting form on this medium yellow Unusual Form Twisting Crispate with sepals that often quill and/or curl elaborately reminding one of a ghostly apparition. The throat is Budgerigar green. The flower also has a green cast. Bloom separated, making for a long bloom season. 3/4 way branching, BC=19 (Sdlg. x Sdlg.).....Fall Delivery.....\$100.00 each

**LOVING LIU** – # 99-17 – Dor.dip.M.38” 6.5”-7”, Named for a heroine in Puccini’s “Turandot,” Loving Liu is luscious, rich purple bitone w/a deeper magenta purple eyezone & slightly deeper reddish purple sepals. Often an imposing Pinched Crispate, I did not checklist it that way because it doesn’t pinch consistently. Alluring white midribs enhance the color & the bright light green throat makes this a very striking flower. 3-way branching, BC=16 here. (BLUE LUSTRE X SATIN BIRD).....Fall Delivery.....\$100.00 each

**MARTIAN FINGERS** - # 2004-20 – Dor.dip.M.33”6”(Wingspan greater) Purplish garnet curling Unusual Form Cascade and a Spider with large green-yellow throat & eye-catching light midribs on all segments. When the segments curl extravagantly, the flower seems to dance. 4-way branching, BC=24, Ratio=4.17/1. (SOPHIA’S MAGIC X SKINWALKER).....Fall Delivery.....\$125.00 each

**SONG OF THE WOOD THRUSH** – # 96-36 – Hardy Evergreen. Dip.LM. 44”7”Splashy purple has a very bright green throat and white midribs. A great garden subject because of its later bloom season, large flowers, & wide petals. Fertile both ways. Quite hardy here. Faster increase further South. 5-way branching, BC=20. Sepals = 2.5” wide(Sdlg. x SILOAM RED VELVET).....Fall Delivery.....\$75.00 each

**INTRODUCTIONS FOR 2008**

**CAPTAIN KEITH HUNT** - # 2003-10 – Dor.dip.M.47”-53”, 7” with a wingspan to 10”, 5/6-way branching w/branches on branches. BC=33 here. It’s in the multiple UF Class, a UF Spatulate Cascade. It’s a light purplish mauve w/a dashing purple eyezone, & has a very large chartreuse th. Named for our Son-in Law, who in the summer is the Captain of his own very popular sports fishing charter boat in Montauk, NY. [SCARLET SWALLOWTAIL X (GRAPE ICE X LILTING LAVENDER)...Very Limited.....Fall Delivery.....\$150.00 each

**DOROTHY AKRIDGE RESCIGNO** - # 2002-10 - Dor.dip.M.43”7”Lovely, greenish yellow cascade type spider with bright green throat, and bronzy red eyezone. Segments curl back nicely towards the tips. Four way branching, Bud Count = 15. Ratio=4.35/1. Named for a deceased dear family friend in Baltimore, MD, who also loved daylilies. (CALICO SPIDER X DECOLORES)..Fall Delivery...\$100.00 each

**KIRSTEN MADELINE HUNT** - # 2004-57 - Dor.dip.M.56”, 9.5” Ratio from 4.3/1 to 5.34/1. Exceedingly impressive is this 5-way branched light muted rose spider in a twirling cascade, with a bright rose band, and a smashing green throat that extends out through one third of the segments. Bud count = 20 here. A real winner with magnificent up facing blossoms. Named for our married daughter, Kirsten. [(TALON X CROOKED HOUSE) X BORN YESTERDAY].....Limited.....Fall Delivery.....\$150.00 each

**PAUL H. LINK** - # 2004-74 - Dor.Tet.M.36"7" Gorgeous, **true bright lavender** with bright green throat. This is a lavender bitone, but the difference is only perceptible up close. 3-4 way branching. BC=17, Has to be seen to be believed. Difficult pod parent, but pollen quite viable. Named for a dear family friend who shares my interest in beautiful daylilies. Parentage unknown.....Fall Delivery.....\$125.00 each

**SOPHIA'S MAGIC** - #2001-48 - Dor.Dip. M.34" 6"(Wingspan greater) **Brilliant red cascade spider self** w/green throat, turning to yellow as it extends outward. Segments can twist and/or curl towards the end creating a marvelous effect. Ratio = 4.55/1 to 5.28/1. Four way Branching. Bud Count = 21. Moderately fertile both ways. Makes smaller fans ....(Sdlg. x RED RAIN).....Fall Delivery....\$100.00 each

### INTRODUCTIONS FOR 2007

**STARMAN'S FLIGHT** - # 2001-26.....**Display**

**STARMAN'S GALAXY** - # 2001-12 - Dor.Dip.M. 48"-52"10.25"Huge, eye-catching yellow spider w/striking triangular red eyezone. The eye on the sepals is so light that the flower appears banded. The petal band extends almost to the tips, is strongly marked, it zaps one's eye. The throat is gold, but heart is green. This flower is a bitone, but not noticeable at a distance. The ratio can vary from 4.3/-6/1 here. Three way branching. BC=17. [(STARMAN'S DELIGHT X STARMAN'S FANTASY) X PTERODACTYL EYE...Fall Delivery...\$100.00 each

**TROPIC BIRD** - # 2000-46 - Dor.Dip.M.42" 9" This light yellow and light beige rose bitone is a charmer with a rose eyezone that is strong on the petals, weaker on the sepals, which are also brushed very light beige-rose. The flower opens flat. The throat is bright green. Three-way branching. (TYLWYTH TEG X KIRSTEN MADELINE BURKEY).....Fall Delivery.....\$50.00 each

**WALKING STARFISH** - # 2001-73 - Dor.Dip.M. 28"8.5" Rich medium yellow **Unusual Form Quilled Crispate** with a green throat. Most of the segments quill, and they will often twist, twirl, or even bend at the same time creating a "walking effect." The ratio can vary from non-spider up to 5.94/1 when it quills to the maximum. The effect is show stopping. Two way branching. BC = 12 here. [(WILLIE BELLE X JURASSIC SPIDER) X (KINDLY LIGHT X SCORPIO)].....Limited.....Fall Delivery.....\$100.00 each

### INTRODUCTIONS FOR 2006

**MARY SATKUNAS LIDWELL** - # 2003-20.....**Display**

**MICKEY MY BUDDY** - # 2001-74 Dor.dip. M.37"7" This is a purple **Unusual Form Variable Crispate**. Sometimes it's a Twisting Crispate & sometimes it's a Curling Cascade. The large throat is a bright light green. Petal midribs are white. 3-way branching. BC = 15. Fertile both ways. [LOLA BRANHAM x Sdlg.].....Fall Delivery.....\$100.00 each

**WREN IN THE GLEN** - # 98-29 Dor.dip.M.45" 5.75"-7" This is a tall greenish rose **Unusual Form Spatulate** when established. A reverse bitone, its sepals are darker rose than the more lightly brushed petals. Sepals can twist, curl, or appear flat. The very bright green throat extends half way out from the center of the flower, providing for a remarkable color contrast. Pollen is fertile, but its pod setting is reluctant. Six to 7-way branching. BC=43 here. [Sdlg. x LOLA BRANHAM].....Fall Delivery.....\$100.00 each

**SCISSORHANDS** - # 98-32 Dor.dip.MLa.34" 7" 5-Way Branching, BC = 22. **This is the first Unusual Form Quilled Crispate here in which all segments quill over 90% of the time under normal conditions**, an astounding & beautiful trait. The **flower is bright rich pink with a tiny green throat and a deep pinkish rose band**. Opening at a 150 degree angle creates an effect of a claw or talon reaching out towards the viewer. **Fertile both ways**. This cultivar is not a fast increaser in the north. It does proliferate.

WILLIE BELLE X JURASSIC SPIDER].....**Very Limited** .....Fall Delivery.....\$200.00 each

### INTRODUCTIONS FOR 2005

**AMOROUS AND GLAMOROUS** - # 2001-60 Dor.dip.MLa.45" 6" 3-Way Branching, BC = 17, **Lavender rose Unusual Form Variable Crispate** w/deeper purplish rose eyezone. The throat is chartreuse. The form can be Spatulate, Cascade, Quilled, or appear in combinations of these forms. [(WILLIE BELLE X JURASSIC SPIDER) X HELGA BJORNERUD BURKEY].....Fall Delivery....Double Fans.....\$80.00

**BY GOLLY MOLLY** - # 2000-5 sev.dip.M.44" 8" 4-Way Branching, BC = 16, **Rosy lavender Unusual Form Variable Crispate** which can Cascade, Pinch, or Twist. The throat is strong chartreuse green. Sepals can also twist at the tips on this variably formed flower. [(SDLG. X LOLA BRANHAM) X ARACHNIDAN TRAP].....Fall Delivery.....Double Fans.....\$100.00 each

**CANTICLE OF MARY** - # 2000-27.....**Display**

**GALA CANTALOUPE FLOAT** - # 2000-45 Dor.dip.MLa.32" 7" 3-Way branching, BC=16. **This UF Curling Spatulate is showy**. Without the apple/reddish rose band, it looks like ripe cantaloupe. Lighter sepals make this a **bitone**. **Sepals can curl back/twist, creating movement. Blooms late midseason**. Yellowish gr th. STARMAN'S FANTASY X MEDUSA'S GLANCE....Fall Delivery....\$80.00 each

**SEIZE THE MOMENT** - # 2001-38 Dor.dip.MLa.51"6.5" 4-Way Branching, BC = 19. **This classic spider with a ratio of 5.75/1** looks smaller at first, but **extensive curling makes the wingspan much larger**. The color is **light yellow accented by a pale rose band on the petals**. Tall scapes on this charmer. [SDLG. X WATCHYL DANCING SPIDER].....1 Fan Available....Fall Delivery.....\$100.00 each

## INTRODUCTIONS FOR 2004

**CRIMSON ENIGMA** - # 2000-17 dor.diploid. MLa.44" 7.5" It's truly an enigma in **bright velvety crimson** w/a huge yellow throat covering a third of the flower, and turning to green in the heart. Its many faces prevent its placement in a definite category. Sometimes it's a UF Pinched Crispate or a highly recurved flower. Petal midribs on **established clumps**, instead of being single, often double and raise, from which appendages or crests extend upwards and to the side. Cresting can occur on one petal, sometimes on two, but when it occurs on all three, it becomes an exotically gorgeous cockscomb. Cresting seems to take place the second year after transplanting. Fertile both ways. The parentage might be [ANDROID X RED RAIN].....Fall Delivery.....Double Fans.....\$75.00

**DREAMING BUTTERFLIES** - # 95-28 dor.dip.ML.34" 6" Bright light butter yellow self with light green throat, is this charmer in an **Unusual Form Spatulate**, reminding one of hovering butterflies. All segments tend to recurve. Segments are very narrow at the center. 4/5-way branching. BC=24. Fertile both ways. [WAY OUT X SPIDER MIRACLE].....Spring/Fall Delivery.....Double fans.....50.00

**LADY IN VELVET** - # 97-32 dor.dip.M.27" 9" The color is a bit difficult to describe, but akin to a **reddish magenta blend** with a **huge chartreuse green throat**, and a halo-band of slightly darker reddish magenta. It's an **Unusual Form Cascade**. Large size of flowers creates quite an impact.. [STARMAN'S FANTASY X HELGA BJORNERUD BURKEY].....Fall Delivery.....\$75.00 each

**WOODLAND SPRITE** - # 95-40 dor.diploid. Mla.26" - 30" 7" This ruffled **UF Cascade** is **yellowish cream w/rosy lavender petals and petal edge** & gr. th. The rosy lavender color is more intensified on the petal edges and tips, but the sepals are not as deep in color, making it a bitone. . 2-Way branching. BC=22.[SPANISH FANDANGO X LOLA BRANHAM].....Spring/Fall Delivery.....Double Fans.....\$50.00

## INTRODUCTIONS FOR 2003

**CROOKED HOUSE** - # 98-56 sev.diploid.M.40" - 46" 8" This magnificent flower is an **Unusual Form Variable Crispate**. It can appear as a **Spatulate, Twisting Crispate**, etc. Bright golden yellow flowers are bedecked w/ a blood red band. The throat is yellow, turning to green. Reminiscent of the "crooked man" who walked a crooked mile w/a crooked cane, & lived in a crooked house. 3/4-way branching. BC=29. A **very different, favorite eye-catching showstopper**. [MICO X FOL DE ROL].....Fall Delivery.....Double Fans.....\$80.00

**DAPPER FLAPPER** - # 96-33 dor.dip.M.37"9" Intriguing is this large bright golden yellow **Unusual Form Spatulate** with a bright green throat which flushes onto the segments. Moderate ruffling. Fertile both ways. 4-way branching. BC=17. [SPIDER WEB X SPIDER MIRACLE].....Spring/Fall Delivery.....Double Fans.....\$75.00

**LAVENDER AND SPICE** - # 99-1 dor.diploid.M.36"6" Medium purplish lavender w/yel-gr th is this **Unusual Form Pinched Crispate**. Crispation is fixed. 3-way branching. BC=20.[BLUE LUSTRE X MEDUSA'S GLANCE]....Spring/Fall Delivery....Triple Fans.....\$35.00

**SAMBA TANTAN** - # 96-43 dor.dip.ML.33"8" This **Spider Variant & UF Pinched Crispate** is pinkish lavender. **Actually it's banded bitone**. Petals are light rosy lavender. Sepals are lighter pinkish lavender. The band is darker rosy lavender & the throat is yel-gr. Sepal twirl. Petals pinch. 3-way branching. R=4.4/1 [WILLIE BELLE X JURASSIC SPIDER].....Spring/Fall Delivery.....Dbl. Fans.....\$50.00

## INTRODUCTIONS FOR 2002

**FORGIVENESS** - # 97-15 Dor.tet.M.30"6" **A bright & cheery exceptional deep rose pink color of great clarity that has to be seen with the naked eye to be appreciated for its exceptional beauty & unusual color clarity**. The throat is green-yellow. BC=17. Fertile both ways. Parentage unknown.....Spring/Fall Delivery.....Double Fans.....\$75.00

**LIGHTNING BIRD** - # 98-36 - Dor.tet.M.36"5.5" An advanced step in my line of **fiery red-oranges w/electric azalea color. Absolutely brilliant**, & blazing at a distance, it has deep red veining, a moderately darker halo, & gr th. Fertile both ways. 5-way branching. BC=21. Lightly ruffled. [(CHICAGO APACHE X WOUNDED HEART) X PRIME MINISTER].....Spring/Fall Delivery.....Double Fans .....\$75.00

**MYSTICAL ENCHANTRESS** - # 96-17 - dor.dip.M.40"9.5" A crimson bitone spider w/faintly darker halo. The sepals are yellow brushed crimson. A huge yellow th, and much yellow in the sepals sets this flower off. Petals & sepals curve back w/grace at the tips,. Fertile both ways. Ratio=4.8/1 Three-way branching. BC=16+. [STARMAN'S DELIGHT X STARMAN'S FANTASY]....Fall Delivery....\$75.00 each

**ROMERO'S SOMBRERO** - # 96-64 - Sev.dip.M.58"8" This nearly 5 foot tall daylily exotic looks spidery. It's a light pink bitone w/a dashing purplish red band & yel-gr th. Attracts attention due to its height and striking color combination. The palest pink sepals are brushed w/the same purplish red in the band. BC=16. [(ARIADNE X LADY NEVA) X JURASSIC SPIDER..Spring/Fall Delivery...Dbl Fans...\$60.00

**SCARLET SWALLOWTAIL** - # 99-9 - Dor.dip.M.39," 8" - 9," **Bright scarlet is a great color for this large UF Cascade**. The big throat is bright yellow. 3-way branching. You won't miss this commanding red in the garden. [(SPIDER WEB X SPIDER MIRACLE) X (RED FLAG X WUTHERING HEIGHTS)].....Spring/Fall Delivery.....Double Fans.....\$50.00

## INTRODUCTIONS FOR 2001

**CHIRICAHUA WARRIOR** - # 97-8 Sev. Dip. M.40"8" Bright yellow spidery looking exotic w/dynamic burgundy-red chevron band. **Clumps are show stopping.** Fertile both ways. Clumps quickly. (MICO X FOL DE ROL).....Spring/Fall Delivery.....Triple Fans.....\$25.00

**CHOCOLATE CHERRY TRUFFLE** - # 94-56 Hardy ev, tet.M.34" 4.75" **Unusual reddish burgundy and strong brown blend** with a chartreuse th & deeper burgundy brown halo. Petals edged chocolate burgundy, 3-way branching. BC=17. Wide overlap. Good increase. Difficult to photograph the correct color. (CHICAGO APACHE X VINTAGE BORDEAUX).....Spring/Fall Delivery... Triple Fans.....\$25.00

**EMERALD LADY** - # 95-7 Sev.dip. M. 29" 7" This bright yellow Unusual Form often looks spidery or arachnid, but is a lively Twisting Crispate with a large, strong green throat. Most attractive are the ruffled & crinkled segments, evidenced from a distance. Ratio = 3.5/1. Fertile both ways. (FOR PETE'S SAKE X GREEN WIDOW).....Limited.....Spring/Fall Delivery.....Double Fans.....\$45.00

**LATELY LOVING YOU** - # 95-42 Dor.dip.VL. 31" 8" A **serene Exotic** & a late bloomer (August and September here). The flower is soft, pale beige-lavender, w/a distinctive rose band, & bright chartreuse th. Petals & sepals curl back at the tips, yet the face is fairly flat. Loosely ruffled. 4-way branching. B =24. (FOOLSCAP X ORCHID CORSAGE).....Spring/Fall Delivery.....Double Fans.....\$40.00

**PTERODACTYL EYE** - # 97-35 Dor.dip. M. 39" 9" Spectacular in appearance, this bicolor has yellow sepals contrasting w/pink-beige petals and a smashing purplish rose band, yel.th. & gr. heart. R=4.2/s to 6.8/1, depending on weather. Fertile. 2-way branching. BC=14. [(ARIADNE X LADY NEVA) X JURASSIC SPIDER] .....Spring/Fall Delivery.....Double Fans.....\$60.00

## INTRODUCTIONS FOR 2000

**BIRDWING BUTTERFLY** - # 96-9 Dor.Dip. LM.45" 7"An Exotic spidery reddish lavender & yellowish rose bitone. Sepals are yellow brushed rosy lavender. A striking darker rosy purple band on the petals, light midribs, & a gr th provide a splashy color pattern. It is floriferous, and has a long bloom season. BC=28+ here. **Further South, the bud count is 50-70 with 7-8 way branching & a height of 5 feet.** 5-way branching. The ratio is 3.67/1. Fertile both ways. **It was the winner of the prestigious Wente Award at the 2004 Region III Convention.** (RAINBOW SPANGLES X FOL DE ROL).....Spring/Fall Delivery..... Double Fans.....\$50.00

**GALACTIC JAUNT** - # 90-36 Dor.Dip.LM.29"8.5" Rebloom **Very sprightly looking bright, light yellow spider** with a green throat and a **reblooming tendency.** R=4.8/1. BC=11 on first bloom and 8 on rebloom. Segments curl on warm days and open flatter on cooler days. Fertile both ways. (JERSEY SPIDER X ARACHNE).....Spring/Fall Delivery.....Triple Fans.....\$35.00

**KIRSTEN MADELINE BURKEY** - # 95-18 Dor.dip.M. 35"10" This huge, awesome, & magnificent spider is a rich crimson red w/a **huge** yellow turning to green throat. R=4.6/1. 3-way branching. Fertile both ways, but reluctant on pods. Marvelous clumps. Blossoms open flat w/a slight recurve towards the ends of the segments, giving th most dramatic appearance I've yet produced. Named for our daughter. (STARMAN'S DELIGHT X STARMAN'S FANTASY).....Limited.....Fall Delivery.....Double Fans.....\$75.00

**ROBERT ALAN ECKENROD** - # 93-6 Dor.dip.M.35"7" This is an **UF Pinched Crispate** w/lavender mauve pinched petals & curled back sepals. The striking eye is rosy purple eyezone, w/lighter ribs, & a yel-gr th. 3-way branching. Named for our friend & creator of my website. Fertile both ways. (STARMAN'S QUEST X LAKE NORMAN SPIDER).....Spring/Fall Delivery.....Double Fans.....\$45.00

**STARMAN'S DELIGHT** - # 89-41 Dor.dip.M.28"8" (Wingspan to 12") **Bright yellow classic spider w/green throat.** Segments can be straight or twirl. **Fertile both ways.** BC=15. 5-way branching. R=5.33/1. Closure = 1.25. This one has given me 3 introductions. Fertile both ways & **it frequently gives up its color.** (JERSEY SPIDER X ARACHNE).....Spring/Fall Delivery.....Triple Fans.....\$30.00

**STARMAN'S DREAM** - 96-35 Dor.dip.EM.21"7" **Dark crimson classic spider** w/large yellow chartreuse throat. R=5.26/1. 3-way branching. This serene flower is narrow spider. It does not make large fans. (STARMAN'S DELIGHT X STARMAN'S FANTASY).....Spring/Fall Delivery....Triple Fans.....\$30.00

**STARTIDE** - # 94-51 Dor.dip.LM.37"6.5" **Voluptuous dark purple w/large yellow hexagram throat,** green heart, & white midribs. Spidery. Segments curl back. Slightly darker purple band on the petals. BC=23. 7-way branching. (STARMAN'S QUEST X FOL DE ROL).....Spring/Fall Delivery.....Triple Fans.....\$30.00

## 1999 INTRODUCTIONS

**DANCING CRAB** - # 92-11 Dor.dip.M.42"6" Light scarlet **Unusual Form Cascade** w/**deep bright green throat** and lovely curling segments. 5-way branching. BC=21. Ratio = 3.82/1 A lovely and exotic eyecatcher that garden visitors have long admired. Fertile both ways. (SCARLET GOWN X RED THRILL). **AHS Honorable Mention Award in 2008.**.....Spring/Fall Delivery.....Double Fans.....\$50.00

**FLAMING FIREBIRD** - # 95-47 Dor.tet.44"6"LM.RE.Deep, bright, and **fiery tangerine-orange-scarlet blend** with darker, dim halo and green throat. The dark red veining gives the fiery look. Overlapped & ruffled. 4/5 way branching. BC=21. Fertile both ways. (CHICAGO APACHE X WOUNDED HEART) This cultivar has a reblooming tendency here.....Spring/Fall Delivery.....Double Fans.....\$35.00

**HELGA BJORNERUD BURKEY** - # 94-29.....**Display**  
**TURANDOT'S TIARA** - # 95-43 - Sev.dip.40"8"LM. Lively, **dramatic looking**, very **light rosy-tan & bright yellow bicolor spider**. R=4/1, though it may be a bit less after heavy rain. The huge bright yellow throat is colored like the sepals. The halo-band is purplish-rose & wedge-shaped...very **striking effect**. All segments curl back at their tips. 2-3 way branching. A difficult pod parent, but its pollen will take on some cultivars. Makes smaller fans. (Unknown x FOL DE ROL) ? likely SPIDER MIRACLE.....Fall Delivery....Double fans.....\$30.00

### 1998 INTRODUCTIONS

**DARBY'S MYSTIQUE** - # 89-16 Do.dip.40"8"M.RE. [JERSEY SPIDER X ARACHNE]**Commanding** light yellow **Spider** w/deeper, rich yellow wash. **Reliable repeat** here. BC=19 on the first scapes, and BC=12 on the second set. 3-ways branching The throat is green. Petals recurve/twirl at tips. Sepals curl slightly. Named for Kirsten's imaginary friend at age 3. R=4.8/1...Spring/Fall Delivery....Quad Fans...\$20.00

**MONTSERRAT'S REVENGE** - # 94-4 Sev.tet.21"5"M.[(Sdlg. X PALACE GUARD) X (MAUNA LOA X SOUND AND FURY)] It's a fiery orange red blend w/a tiny green heart. Petals are moderately ruffled w/some red veining. Midribs are purplish red. Bud count=16. 3-way branching. Petals recurve slightly at the tips.....Spring/Fall Delivery.....Triple Fans.....\$15.00

**STARMAN'S VOYAGE** - # 94-49 Dormant, dip.41"9"M.(RAINBOW SPANGLES X WILLIE BELLE) This huge, compelling **light lavender purple flower w/rosy highlights** sports tall, strong, & straight scapes. It's a **UF Variable Crispate**. A great feature of the flower is its **huge, very bright green throat covering 1/3 the flower** with unique yellow ribs running through the green part only. Petaloids are slightly ruffled & recurve at the ends. Sepals may quill/twirl slightly. 3-way branching. BC=15....Spring/Fall Delivery...Double Fans....\$25.00

### 1997 INTRODUCTIONS

**ANDROID** - # 94-16 Semi-evergreen.dip.42"7.5"M. [BLACK PLUSH X FOL DE ROL] **Android won an AHS Honorable Mention Award in 2003**. Dark burgundy purple **classic spider** with a ratio of 5.9/1. Its huge chartreuse throat extends out 1/3rd the flower. Barely perceptible slightly darker halo. Petal midribs are yellowish. Segments recurve at the ends, and petals twist slightly. 3-way branching, Sun resistant. A dramatic spider that makes a statement.....**Very Limited**.....Fall Delivery.....One Double Fan.....\$35.00

**KIRSTEN'S CORSAGE** - # 94-30 Dor.dip.ML.37"7+" [WILLIE BELLE X LOLA BRANHAM] **Kirsten's Corsage won an AHS Honorable Mention Award in 2002**. Vivacious, rosy purple flower w/huge chartreuse th & smashing, magenta eyezone. This is **UF Cascade** that looks spidery because its petals are narrow at the center of the flower[Ratio = 3.25:1]. The huge chartreuse throat extends 1/3rd out from the heart. 4-way branching. BC=20. Reminiscent of a cattleya orchid. .... Fall Delivery.....Double Fans....\$35.00

### 1996 INTRODUCTIONS

**ELFIN DAYDREAM** - # 88-19.....**Display**  
**MADLINE HEEDEN ABDALLAH** - # 89-62. Dor.Tet.M.24"6" [POOGIE X CHICAGO APACHE] This hem is a **gorgeous, ruffled, deep rose pink self**. 3-way branching. The very tiny throat is yellow, turning to green in the heart. Petals are rounded and well overlapped. It opens flat in cooler weather, but will recurve more and show even more ruffling in hot weather...Spring/Fall Delivery...Triple Fans...\$15.00

**PHOEBE HINES LINK** - # 90-61. Dor.Tet.M.36"6" [PROM DATE X CHAMPAGNE ROYALE] This enchanting cultivar is a **light purple and light lavender bitone**. Its lighter purple watermark eyezone is encircled by a fine deeper purple line. The upper throat is bright yellow, turning into deep green. Faintly banded. The ruffled petals have a yellow wire edge.....Spring/Fall Delivery.....Triple Fans.....\$15.00

**RED BUTTERFLY** - # 88-62. Dor.Tet.LM.38"6" [LUSTY LEALAND X RUBY THROAT] **Very bright red in a tailored**, simple flower with a green throat. **Blooms later in the season, extending it**. 4-way branching. Plant in the back of the border, along a fence row, where height is needed, or as accent plants. BC=25. **Good increase**. It makes larger fans.....Spring/Fall Delivery.....Triple Fans.....\$10.00

**SNOWY NIGHT** - # 90-49. Dormant.Dip.M.22"5" [JOAN SENIOR X MARTHA ADAMS] **SNOWY NIGHT is a lovely, tightly ruffled near white with some lemon highlights**. The throat is warm yellow color further out, and then develops into a deep green heart. Both petals and sepals are nicely ruffled. 3-way branching. BC = 16. **Good increase**.....Spring/Fall delivery.....Quad Fans.....10.00

### 1995 INTRODUCTIONS

**ARACHNIDAN TRAP** - # 90-22. Dor.Dip.37"9"EM.[LAKE NORMAN SPIDER X FELLOW] Gorgeous, strong lavender **UNUSUAL FORM VARIABLE CRISPATE** w/large yellow throat extending 1/3rd out forming a 6 pointed star. The yellow throat compliments the lavender color. Quilled sepals give the arachnid look. 3-way branching. BC=17.....Fall Delivery.....Double Fans.....\$30.00

**DOROTHY BURKEY CONRAD** - # 89-9. Hardy Ev.Tet.26"6"M.[HOLIDAY DELIGHT X LEEBEA ORANGE CRUSH] **Brilliant**, lightly ruffled, **gold flower** with **smashing, large red eyezone** and green throat. Petals overlap. Sepals recurve. 4/5 way branching B.C=27. **Much admired by garden visitors. Good increase for great showy clumps. Winner of the prestigious 2005 Wente Award at Region III in Roanoke, Virginia.....**Spring/Fall Delivery.....Triple Fans.....\$20.00

**LAURA ABDALLAH** - # 89-37. Dor.Dip.26"2.5" ML.[SILOAM BO PEEP X SILOAM RIBBON CANDY] Lovely, floriferous, ruffled, creped, mini w/high bud count. Its muted rose w/a **striking**, deep purple eyezone & deep gr th. Segments recurve, hence a rounded flower. 4-way branching, Heavy substance. Long bloom season. BC=30. Good increase.....Spring/Fall Delivery.....Quadruple Fans.....\$10.00

**LOURICE ABDALLAH** - # 89-19. Dor.Dip.30"5"EM.[(CANTIQUÉ X JOYFUL OCCASION) X STARMAN'S GIFT] **Beautiful pink** self w/chartreuse th. **Quite pink**. Flowers are full, widespread, overlapped, slightly recurved, & sun resistant. 3-way branching. BC=17. Bud spacing makes for a **long bloom season. Flowers uniquely always face upwards.....**Spring/Fall Delivery.....Triple Fans.....\$15.00

#### 1994 INTRODUCTIONS

**JURASSIC SPIDER** - # 88-108. Dor.dip.32"10+"fr.M. [RADIANT MOONBEAM X PERSIAN PATTERN] **AHS 2008 Honorable Mention Award**. Light rosy-mauve & chartreuse blossoms bedeck this spidery flower. It is a bitone (almost a bicolor) with a deeper rose-purple band on its petals. The triangular band extends from the upper throat half way up the petal. The throat is yellow, turning to chartreuse, then to deep green. Pale yellow, brushed mauve sepals are narrow and curl at the ends, giving its arachnid look. **Huge** flowers are widespread & lightly fluted. BC=19. Fans are medium size. Fertile both ways.....Spring/Fall delivery.....Double Fans.....\$30.00

**MEDUSA'S GLANCE** - # 88-75.....**Display**

#### 1993 INTRODUCTIONS

ZOLA'S HI HO SPIDER - Lavere Webster, '03I, dor. tet. M.26"7" **Bright yellow spider, twists, curls, erect scapes**.....45.00 - fall  
**RUST - There was no evidence of rust in our gardens during 2006. Our winters are too cold for it to survive here.**

**NOTE ON BUD COUNTS** - Please note that bud counts in this harsher climate of zone 4.5-5 are lower than they will be in zone 5.5 and 6, & 7. Customers state many of our introductions have much higher bud counts and more extensive branching in zones east or south of PA.

**NOTE ON SPRING SHIPPING** - Daylily fans grow bigger as summer progresses. Therefore, a spring shipped fan will not be as large as one dug in August or September. Our elevation causes our springs to be late. However, the root systems should be sufficiently large so that the plants should make excellent growth for you in their first summer. Because of our late springs we do not begin shipping till the end of May. If you feel you must have the largest possible fans, please order for fall delivery.

**HICKORY HILL GARDENS' POLICY ON DAYLILY DIVISION NUMBERS** - Prices are generally for double divisions, but newer introductions, cultivars slow to increase, etc., may be singles. We furnish these as long as supplies last. Dormant daylilies should be planted at least 4-6 weeks before the first ground freezes, while evergreens should be planted 4-6 weeks before your first frosts, earlier if possible. Mulching evergreens the first season is advisable, especially where there is insufficient snow cover. Evergreens do well here and in the deep South. Normally it is not the cold that kills them, but repeated starting and stopping of growth during winters where there are strong warming trends followed by hard freezes, **repeatedly. Hence, the mulch.**

**PLEASE NOTE: We apologize for any typographical errors we may have missed in our proofreading.** There is so much data with which to be concerned in this catalog, there may be a few overlooked typos.

**Images of all Hickory Hill Gardens Introductions can be viewed in late February by visiting our new website – see page 1. Inquiries may be made to our E-mail address at eburkey126@aol.com However, customers must use the order blank from the catalog or download it from the website. We will reserve listed plants for a 5 business days. The completed order blank and payment confirms your order. A timely sold-out list is available each week on the website.**

**GUARANTEE:** Our plants are state inspected. It is the responsibility of Hickory Hill Gardens to supply true to name varieties in good condition. This is the limit of our responsibility. If plants are not satisfactory upon arrival, return to us immediately without removing the plant labels. We are not responsible for delays in shipment as result of the shipping choice you chose.
